

Putting Green Cottages Ashford Road, Tenterden Kent TN30 6HX

Luxury 3 Bedroom Mews House | Passive House | Golf Course Views | Over 55s

A truly exceptional, energy-efficient home within a prestigious private gated golf course development, with full Golf & Health Club membership included.

This beautifully finished three-bedroom mews house offers approximately 1,399 sq ft of luxurious and highly versatile accommodation, overlooking the manicured fairways of the golf course at London Beach.

What really sets this property apart is its exceptional energy efficiency. Designed and built to Passive House principles, the property combines an air source heat pump, solar PV panels, excellent insulation and highly efficient heating systems to deliver remarkably low running costs. The solar installation generates approximately 7,000 kWh per annum — more than the property's anticipated annual household electricity consumption of approximately 6,600 kWh (excluding EV charging), meaning the property can potentially export surplus electricity back to the grid.

£2,750 Per Month

Description

The accommodation is also exceptionally flexible. Although currently arranged as a three-bedroom home, each bedroom is a genuine multi-purpose space, making the property equally suited to those looking for additional reception space, a home office or study, hobby room, gym, studio or guest accommodation. The flexibility allows the house to adapt easily to changing lifestyle requirements.

Accommodation:

- Ground Floor
- Impressive open-plan sitting, dining and kitchen space
 - Contemporary fully fitted kitchen
 - Generous double bedroom with fitted mirrored wardrobes
 - Luxury shower room
 - Underfloor heating throughout

- First Floor
- Two further generous double bedrooms with fitted mirrored wardrobes
 - Stylish family bathroom/shower room
 - Air conditioning
 - Radiator heating

The bedrooms could readily be configured as guest suites, additional reception rooms, studies, home offices, gyms or hobby spaces, offering considerably more flexibility than a conventional three-bedroom property.

- Outside
- Private terrace and landscaped garden
 - Wonderful uninterrupted views across the golf course
 - Beautifully maintained communal grounds
 - Two allocated parking spaces
 - Private EV charging point
 - Secure gated development

- Exceptional Energy Efficiency
- Passive House / highly energy-efficient design
 - A-rated EPC
 - Solar PV system generating approximately 7,000 kWh per annum
 - Anticipated household electricity consumption of approximately 6,600 kWh per annum, excluding EV charging
 - Potential to export surplus solar energy back to the grid
 - Air source heat pump
 - Underfloor heating to the ground floor
 - Radiator heating to the first floor
 - First-floor air conditioning
 - No service charges

In practical terms, this is a home designed to keep energy consumption and running costs exceptionally low, while generating a significant proportion — and potentially more than the annual requirement — of its own electricity.

Full Golf & Health Club Membership Included

The Lifestyle

This is far more than a luxury rental property. It offers a secure, low-maintenance and highly energy-efficient lifestyle within a prestigious private gated golf course setting, with exceptional leisure and wellness facilities on the doorstep. With its Passive House credentials, solar power generation, EV charging, flexible multi-purpose rooms, private garden and outstanding golf course views, this is a rare opportunity to combine luxury living with genuinely sustainable, low-cost energy use.

Over 55s development | Available unfurnished | Full Golf & Health Club membership for 2 tenants in residence
