MARYLEBONE'S NEXT GREAT STORY

Perfectly placed in NW8, The Broadley is a bold new address rooted in the architectural legacy and cultural richness of Marylebone. Its distinctive red-brick façade and timeless arches draw inspiration from the area's Georgian and Victorian past. Inside, refined interiors balance heritage craftsmanship with contemporary comfort.

With private gardens thoughtfully designed using research supported by Royal Botanic Gardens, Kew, and exclusive amenities including a dedicated 24-hour concierge, co-working space with outdoor terrace, private screening room, and gym powered by Peloton, The Broadley offers a rare opportunity to live in a home that's as connected to the city as it is to a sense of calm.

This is more than an address. It's a chapter in London's evolving story.

AT THE CENTRE OF LONDON'S MOST PRESTIGIOUS VILLAGES

The Broadley sits at the intersection of London's most sought-after neighbourhoods, shaped by the legacy of The Portman and Howard de Walden Estates – where the quiet elegance of Maida Vale and St John's Wood meets the cultural richness of Marylebone and the grandeur of Regent's Park. Moments away, Little Venice offers waterside charm, Mayfair delivers refined luxury, and Edgware Road connects you to fast transport links.

INVESTING IN YOUR NEIGHBOURHOOD

WESTMINSTER CITY COUNCIL

City of Westminster has embarked on the most ambitious house-building programme in a generation, delivering contemporary, high-quality homes for all.

From modern apartments for first-time buyers to larger properties for families looking for more space, the council's portfolio will include new homes of all tenures – in central London locations. As well as providing much-needed new homes across Westminster, the portfolio will generate income to be reinvested; it will fund brand new social and affordable homes, state-of-the-art community facilities and the rejuvenation of existing neighbourhoods.

By leading its own developments, the Council will prioritise local businesses and suppliers, repurpose under-utilised space and provide training and employment opportunities for students and apprentices. City of Westminster is investing around one billion pounds over the next five years into their regeneration and development programme. This is an investment in Westminster's communities and will deliver thousands of new affordable homes, as well as creating local jobs and providing beautiful spaces for the community to enjoy.

IN PARTNERSHIP: WESTMINSTER CITY COUNCIL AND MOUNT ANVIL

Westminster City Council's vision for Church Street is centred around community – creating a neighbourhood where people love to spend time. Picture greener public spaces that invite you to read a book or enjoy your coffee outside. Pedestrianised streets where children can play safely. A new cultural quarter supporting up-and-coming artists.

Mount Anvil is proud to contribute to this vision. As a key part of the regeneration, The Broadley will create new homes, a state-of-the-art public library under the arches, new play spaces and a community garden.
