- Ample driveway parking

# Lower Church Farmhouse, 44 , Marksbury, Bath, BA2 9HP

Lower Church Farmhouse is believed to have been part of the Popham Estate and comprises a substantial detached house dating from the mid 17th Century with later sympathetic extensions. The main elevation is in natural stone beneath a double Roman tiled pitched roof and has an attractive tall gabled porch to the front elevation bearing the crest and motto "Futuris Laetamur" meaning "we take joy in the future", which we feel sure will apply to anyone making this property their home. Having been in the same family ownership since the early 1980's the property is offered for sale on the market with no onward chain. Key features include a large single storey self contained detached annexe in the rear garden and a useful detached workshop, as well as attractive gardens and ample off street parking on the gravelled driveway.

Entering the property through the porch to the entrance hall, there is a large open plan kitchen living/family room which is very much the heart of the property with an impressive inglenook fireplace with wood burning stove. The kitchen features two original bread ovens and opens onto a more recently added oak framed garden room which has a delightful aspect across the rear garden with far reaching views towards the Welsh Hills. There are two further reception rooms on the ground floor as well as a study, utility room and cloakroom with wc.

The first floor is approached by two staircases, one leading from the main reception, the other from the hallway where there are four bedrooms, two with ensuite facilities in addition to a well appointed family bathroom.

The detached single storey annexe has a modern contemporary theme and is an attractive building in brick and stone beneath a clay tiled pitched roof and comprises an entrance hall, reception room, kitchen/breakfast room, double bedroom and bathroom with separate wc.

The property is set on a walled corner plot in the heart of the village with an attractive traditional front garden and an extensive gravelled driveway to one side. The larger area of garden lies to the rear and is level comprising a paved and gravelled terrace and lawn with well stocked flower and shrub borders and a number of specimen trees. There is a substantial detached workshop which would be suitable for a range of uses subject to obtaining necessary planning consents.

Marksbury is a sought after village location. Lower Church Farmhouse has a desirable position in the heart of the village off the main road and with easy access to the popular village primary school and village hall. The village is within the catchment area of Wellsyway School at Keynsham and has a convenience store and petrol station for day to day shopping while the wider range of amenities including a Waitrose Food Store can be found in the nearby town of Keynsham. The village is on the edge of Chew Valley with its renowned recreational facilities and just over 1.5 miles from The Pig Country House Hotel. The village is surrounded by open countryside with many delightful walks on the doorstep while the cities of Bristol and Bath are within easy commuting distance.

In all, a rare opportunity presents itself to acquire a substantial village home capable of multiple generational occupation which we feel confident will impress all those who view.
