We are delighted to bring to the market as our clients sole agents, this superb link-detached (by a garage), three/four bedroom family home which sits in an elevated location at the head of a small cul-de-sac, within walking distance to good local facilities, schools, Penmere branch line railway station and a longer stroll to Swanpool Beach.

The house has been extended over the years and more recently, vastly improved by our outgoing clients with the addition of a new dining conservatory with an atrium roof, a re-modelled bathroom/wc in white and for an Eco Energy conscious family, an air source heat pump providing radiator central heating throughout the house and wholly owned solar panels, both of which are still under the manufacturers and installers guarantee.

Packed with even more features that will undoubtedly impress any potential new buyers including a fully fitted kitchen in high gloss finish with built-in appliances, UPVC double glazed windows and doors, a wealth of solid wood flooring throughout the main reception areas, painted and glazed internal doors and finally, quality fitted carpets to the first floor bedrooms.

The spacious accommodation includes on the ground floor, a generous entrance porch, a reception hall, a third reception room which could be used as a home office or a fourth bedroom, a living room which is open plan to an new dining conservatory and a split-level galley style kitchen. A staircase from the reception hall takes you to the first floor which offers three good bedrooms and a re-modelled bathroom/wc in white. Outside, the house is approached over a sloping tarmac driveway with parking for three/four vehicles, an attached garage and to the rear, a delightful sheltered landscaped garden with raised enclosed lawns and an extensive Indian stone terrace.

It is worth mentioning that our clients have improved the property expecting to stay longer in this fine home, only a job move has meant they are moving to another area.

The ever-popular town of Falmouth offers an eclectic range of facilities including shops, cafes, restaurants, the Phoenix multi-screen cinema, the Poly Theatre and the Princess Pavilion that provides a variety of entertainment to suit all tastes. At the end of town you will find Events Square that is home to the National Maritime Museum. The town itself has a diary of festivals throughout the year including The Oyster Festival, Sea Shanty and the ever popular Falmouth Week that hosts a variety of sailing and shoreside events. Just a short walk away is Swanpool Beach and Nature Reserve where you can enjoy a number of watersports including Kyacking and Paddleboarding plus Falmouth Golf Club with its popular Above the Bay bar and restaurant at the top of the hill. The property is also within good proximity to local transport routes and Penmere train station that links Falmouth Docks to the cathedral city of Truro and all points north.

An early viewing is highly recommended to secure this amazing energy efficient home.

At the rear of the house there are delightful, landscaped gardens which enjoy a sunny south and westerly aspect offering an expansive level Indian stone patio terrace which is a great place to relax and entertain your family and friends, this is surrounded by well stocked beds either side and in one corner you will see a discretely positioned air source heat pump. Steps from the patio lead up to the top level with shaped lawns surrounded by raised stone rockeries stocked with a wide variety of plants and shrubs including Rhododendrons, Fuchsias and Pittosporum. The garden is fenced for privacy and seclusion.

COUNCIL TAX Band C.

SERVICES Mains drainage, water and electricity.

ENERGY EFFICIENCY

In 2025 our clients had a reputable company install an air source heat pump which power the radiator central heating system throughout the house and wholly owned solar panels on the rear elevation provide further energy for the system that keep the running costs to a minimum. A further step would be to install storage batteries to make the property even more energy efficient. The system has a full manufacturers and installation guarantee with full details upon request.
