PROPERTY HISTORY

Number 82 Brass Castle Hill, built in the mid-18th century, is a Grade II listed building. This listing means it is a building that is nationally important and of special interest (English Heritage). The historical features include rusticated stucco quoins, a timber eaves cornice, and a pan-tiled roof. It has a 4-panelled front door in a 19th century doorcase with attached Tuscan columns supporting a dentilled cornice. The front windows are 4-pane sashes with sills under flat gauged brick arches. The title deeds tell the history of who has owned the house since 14 October 1864.

A listing is not a preservation order, preventing change. Listing is an identification stage where buildings are marked and celebrated as having exceptional architectural or historic special interest, before any planning stage which may decide a building's future. A design certificate was awarded to the property in 1994 to mark the successful restoration and extension of the building.'
