Conveniently positioned between Tiverton, 3 miles, and Exeter, 10 miles, the property is also just 10 miles from Junction 27 of the M5 and Tiverton Parkway station, which provides fast trains to London Paddington in under two hours. Overall, the location provides excellent natural footfall, as well as strategic convenience to major local centers.

DESCRIPTION

A former 18th century water mill providing a successful tourism, hospitality and retail destination since 1973, now closed due to retirement (February 2026). Stags are now seeking new ownership for the freehold. The property and grounds provide an excellent lifestyle opportunity to take the business in several potential directions based on its overall size, large parking area, extensive grounds and it's prime location within the Exe Valley, already a popular tourist and hospitality destination.

Any new usage would be subject to necessary consents, however, there is currently an extensive ground floor Café/ bistro with up to 80 covers, complete with commercial kitchen facilities. Potential exists to make this a significant breakfast, lunch and dinner destination, with the former retail area on the first and second floor extending the potential event space.

Further uses, subject to permissions, could be boutique hotel or Airbnb rooms, holiday lets, wedding and events, family attraction and activity center, to name a few. The property could also suit a number and variety of uses at the same time, complementing the customer experience and adding revenue streams.

ACCOMMODATION

An owners/managers apartment was created in 2021/22. This provides a contemporary, light and spacious feel with a large, open plan, kitchen/ dining/ living room, two bedrooms and a family bathroom.

The apartment can be accessed both internally or externally as desired.

OUTSIDE

To the front and side of the property is a large trade garden and terrace. To the side and down a separate access is a private parking/ storage area and garage. Adjacent is a large car parking area with further overflow area beyond. The remainder of the grounds extends to several acres, including paddocks, ponds, walkways, woodland and river frontage. These areas provide significant potential for leisure tourism or activity businesses, including cabins or glamping, subject to necessary consent. In all the property extends to 4.17 acres.
