SELLER'S SECRET

It's been a great home for us and would fit a family very well, given the size of the rooms throughout. The garage conversion has helped make the floorplan more versatile, especially if somebody needs a home office which is external from the main house.

Why we like it....

This incredible home certainly has "WOW Factor", and offers the rarely found 'H' shape design built by Francis Jackson, which is always popular due to the floorplan allowing for well placed and spacious rooms throughout.
