Tempo are pleased to bring to the market this lovely two bed holiday home on a fully managed site just South of St Austell, Cornwall.

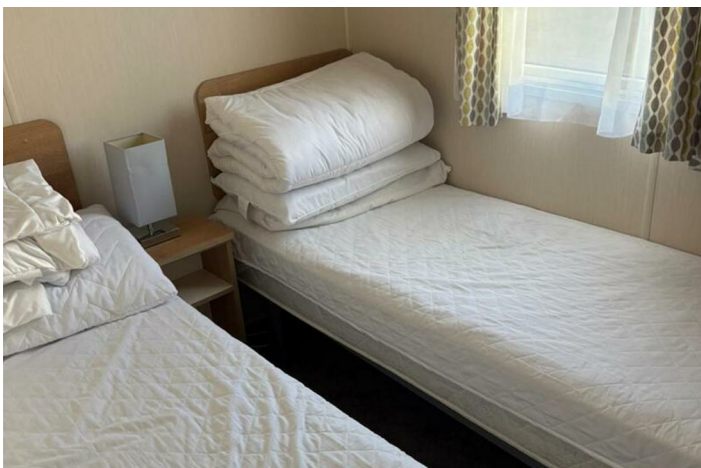

Situated on the peaceful Seaview Gorran Haven site which is open all year round, it has a range of amenities that are free for owners and their guests to use. This includes a heated swimming pool, gym, owner's lounge and off-site golf. A 10 minute country walk takes you to the secluded Hemmick beach; ten minutes in the car to the Lost Gardens of Heligan; and the Eden Project is also nearby.

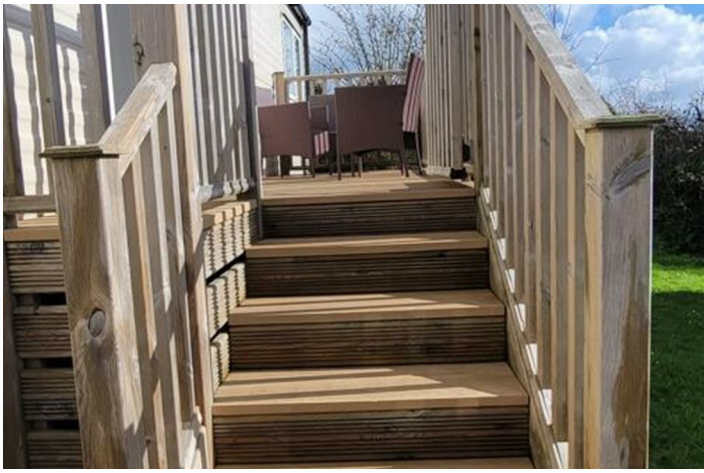

The holiday home has mains water (great power shower), drainage and electricity. LPG gas cylinders for central heating and hot water are available via the on-site reception. It is in excellent condition and comes fully equipped, including all kitchen appliances, crockery and cookware, plus TV and built-in decking with weather-proof deck furniture. Gas and electricity testing and certification has recently been done. Move straight in and enjoy.

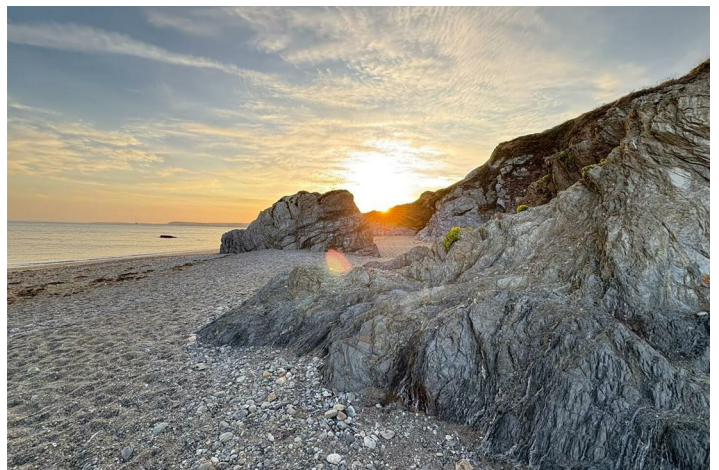

A fully managed letting service is available via the site owners which can offset site fees but they have been paid, and will be transferred to the new owner, for 2026. Free holidays this year!

There is a very good network of friendly owners at the site and the current owners have enjoyed many holidays at this lovely holiday home but are reluctantly selling due to declining health that makes driving difficult.

Due to the current situation in the Middle East forcing the prices of holidays abroad to increase, along with expensive holiday accommodation prices in the UK, especially the Cornwall area, the advantages of owning your own holiday home are obvious!!
