Full description

The main living level offers a generous and light-filled dining kitchen, a rear-facing lounge with breathtaking panoramic views of the River Clyde, and a large front-facing second lounge. There are four well-proportioned double bedrooms, along with a family bathroom and a separate shower room. On the upper floor, you'll find a versatile 15m x 7m dual-aspect room that offers spectacular views over The Clyde, presenting endless possibilities for use. The lower level includes two further double bedrooms, one of which is currently used as a sitting room, along with a double integral garage providing access to the patio and gardens. Externally, the property benefits from ample parking space to the front and side, with gated access leading to the private gardens. Notably, the property has full planning permission for a 3-bedroom, two-story house in the lower garden and full planning approval to convert the main house into two semi-detached 3-bedroom homes - offering significant potential for further development. Although the property does require some modernisation, it is still perfect for families looking for a spacious home with future growth and investment opportunities.
