The Property

A luxurious high end apartment in one of Bristol's most iconic Art Deco building originally built by Giles Gilbert Scott.

Electricity House was started in the 1930s for the South-West Electricity Board but was requisitioned for aircraft construction.

The Grade II listed Building with its striking Art Deco exteriors and rich heritage has been turned into a collection of luxurious living spaces which boast luxurious contemporary features in a historic setting in a city centre location.

The sense of grandeur is instantly apparent on entering the building as you are greeted by a spectacular entrance foyer which leads you through into the bright and modern main atrium.

The flat itself is situated on the 2nd floor and has been finished to an incredibly high standard as well as providing ample space throughout.

Bright and airy, the open plan living space takes full advantage of the large double glazed window which provides pleasant city views.

The kitchen is fully fitted with wall and base units with a Silestone work surface and boasts a range of integrated Bosch appliances such as; electric hob and oven with chimney hood over, microwave, dishwasher and fridge / freezer.

A spacious master bedroom is equipped with a built in wardrobe and the en suite shower room benefits from a large walk in mains fed shower, heated towel rail, w/c and basin.

There is a further double bedroom as well as a family bathroom, fully tiled with mains fed shower over bath, WC and basin.

The flat also benefits from a secure underground parking space, underfloor heating throughout as well as large utility cupboard off the hallway with plumbing for washing machine.

Location

The Centre is the heart of the City with constant action on offer from the Hippodrome and Colston Hall, Bristol Shopping Quarter at Cabot's Circus to the characterful Christmas Steps, Corn Street and St Nicholas Market.

Nearby Millennium Square acts as a gateway to the neighbouring harbourside with its fountains and big screen as well as world class attractions such as Brunel's SS Great Britain, We The Curious, Bristol Aquarium, the Arnolfini, Spike Island, the Watershed and the M Shed.
