### **£300,000**

**EXCEPTIONAL FREEHOLD INVESTMENT OPPORTUNITY COMPRISING FIVE SELF-CONTAINED FLATS WITH AN ESTABLISHED RENTAL INCOME, LONG-STANDING TENANTS, POTENTIAL TO INCREASE RETURNS, AND A GENEROUS REAR PLOT OFFERING FUTURE DEVELOPMENT POSSIBILITIES SUBJECT TO PLANNING.**

A fantastic opportunity to acquire a freehold block of five self-contained flats on Coltman Street, Hull, offering an established rental income of £29,700 per annum and excellent long-term investment potential.

The property comprises two 2-bedroom flats, two 1-bedroom flats, and one 3-bedroom flat, all individually metered for gas and electricity and benefiting from secure intercom entry systems. Four of the five tenants have occupied their properties for over five years, providing a stable and reliable income stream, while the fifth flat was let this year with a guarantor in place. Several of the current rents are considered to be below market value, offering scope for future rental growth.

The building has been well maintained and improved in recent years. Upgrades include replacement double-glazed sash windows to the front elevation (installed with planning consent), new felt roofs to the bay and entrance canopy, new timber guttering, and repainting of the fascia and dormer using Sandtex 10-year guarantee paint. Three of the flats have benefited from replacement gas boilers, including one installed this year. All flats received updated EICRs in May, and the communal fire alarm system was professionally tested this month.

A standout feature is the separate rear plot of land, measuring approximately 300 square metres (31m x 9.7m). The site offers potential for future development, subject to obtaining the necessary planning permissions. This is an excellent opportunity for investors seeking an income-producing asset with strong existing yields, long-standing tenants, potential to increase rental returns, and the added benefit of valuable development land to the rear.

### CENTRAL HEATING

The property has the benefit of gas central heating (not tested).
