THE DWELLING

Constructed in the 1980s, this substantial detached property occupies a generous plot and offers well-presented accommodation across two floors. The current owners have reconfigured the layout to create a stylish open-plan kitchen/diner on the ground floor and a particularly spacious master bedroom. This arrangement could easily be reversed to reinstate the original design, providing four well-proportioned double bedrooms.

The property enjoys a large rear garden, together with a driveway and a double garage, making it an excellent home for those seeking both space and versatility.

ACCOMMODATION

Upon entering through a spacious porch, the entrance hall provides access to all the ground floor accommodation, featuring a bright and welcoming layout with a gallery landing above.

To one side of the property, the kitchen/dining room has been opened up by the current owners to create a stylish open-plan space. The kitchen is fitted with solid wood Shaker-style cabinetry, complemented by a central island and space for appliances, making it a highly practical family hub. With triple aspect windows, this room is flooded with natural light and leads directly into the utility room, which includes additional cabinetry alongside the boiler, and both external access and internal access to the garage.

On the opposite side, the spacious living room provides an excellent reception space, complete with a central gas fireplace and French doors opening directly to the rear garden. Between the kitchen and living room lies a versatile study, offering further flexibility for use as a snug, playroom, or home office.

The first floor enjoys a generous landing with storage and an airing cupboard. The master bedroom is particularly spacious and features fitted storage, a walk-in wardrobe area, and an ensuite shower room. Two further well-proportioned double bedrooms each benefit from built-in wardrobes and are served by the family bathroom.

GARDEN

To the front, the property is enclosed by mature hedging and features an area laid to lawn alongside a generous driveway, which provides ample off-road parking and leads to the double garage. The garage is fitted with electric doors, light, and power.

The rear garden is equally impressive, enclosed by fencing and mature hedging to create a high degree of privacy. It is predominantly laid to lawn, interspersed with well-stocked flower beds, a pond, and a variety of mature shrubs and trees. An elevated, spacious patio area sits directly adjacent to the property, perfect for outdoor dining and entertaining. To the far end of the garden stands a charming summerhouse, while gated side access is available from both sides of the property.
