

Cliffan

Cliffan really is a beautifully well-presented family home, south of the market town of Boston, with good access to commuter routes to the North Norfolk coast, Newark and Nottingham and the A16 to Peterborough where rail links take only 45 minutes direct to Kings Cross.

This established property has a private garden and is nicely set back from the road behind a large driveway, which has ample parking space for many vehicles. Extended and totally refurbished throughout when the sellers purchased the property, it offers deceptively spacious accommodation to both floors, to include four generous reception rooms, three bathrooms / shower rooms and four /five double bedrooms. It is predominantly very neutrally decorated, except for the odd feature wall in a bedroom, which along with several pairs of part glazed double doors, adds to the overall feeling of space and light. Indeed, the seller explains that the flexible layout has made the property an ideal family home, offering everyone enough room to have their own personal space, plus ample room when guests come to stay.

For larger or multi-generational families, Cliffan offers the potential for self-contained accommodation to the ground floor. A large study, adjacent to a ground floor bathroom for example, has often been used as a fifth ground floor double bedroom. Conversion of the garage would create additional living / kitchen accommodation to create an annexe, subject to the appropriate consents.
