Plot 3 The Paddocks Treganol, Adfa, Newtown,
SY16 3DW

**Plot 3 The Paddocks Treganol, Adfa, Newtown, SY16 3DW
£250,000**

The Paddocks is an exclusive development of just five detached homes, set on the edge of open countryside in the heart of Mid-Wales—ideal for those looking to escape the hustle and bustle of town and city living and enjoy a more relaxed rural lifestyle. These three and four-bedroom homes are thoughtfully designed to be practical and affordable, while offering all the benefits expected from a modern new build. Each property includes a garage, driveway parking, and a high-quality specification throughout. Built with energy efficiency in mind, the homes feature industry-leading insulation, low-carbon heating, solar panels, and EV charging points, helping to reduce running costs. Despite its rural setting, the development remains conveniently located, with Newtown just 10 miles away and Welshpool approximately 13 miles away, both offering a range of supermarkets, shops, and local amenities.

Open-plan living is very popular among house buyers, and if you're part of the masses craving that lifestyle, look no further than the Larch.

Description

Jumping out at you immediately will be the ground floor layout, combining the lounge, dining room and kitchen in an open-plan setting which stretches throughout the house. Better yet, the room also features rear-facing patio doors and front bay window, bringing in an abundance of natural light and access to your garden. The Larch truly offers a fantastic social setting for you to invite people over and make the most of the summer months.

The open plan setting allows for other essential rooms to be included downstairs, including a small cloakroom, utility room and storage space which can be found beneath the staircase.

Always remember, if open plan space isn't your preference, we can always create a more traditional separate room layout.

Heading up to the first floor, you'll find three well-sized bedrooms. Two of the bedrooms include built-in wardrobes, whilst the main bedroom comes with an ensuite shower room. Down the landing, you'll find the spacious family bathroom.

All Primesave homes are traditionally built by skilled local tradespeople incorporating the latest high-performance insulation in the floors, walls, windows and roof spaces. Low carbon central heating is installed with an air source heating pump, and EV charging point and solar panels are added as standard. For safety, there are mains power heat and smoke alarms together with a fire suppression sprinkler system.

This property is designed with flexibility to help your family thrive, with all the space and amenities you require.

Key Information
