For additional peace of mind, if something in your home or development requires maintenance and it's not due to negligence, misuse or damage, you won't be charged for it.

Flexible tenancy agreements

Everyone is looking for something different when renting a home, which is why we've made sure to make our tenancy agreements as flexible as possible. Depending on your circumstances, you may be looking for short-term accommodation or a place to call home for many years to come, or you may even be planning on renting before taking your first steps on the property ladder. Whatever the case, we have a solution to fit your needs.

To make our rental homes work for everyone, we offer tenancy lengths from six months to three years, plus you can renew your tenancy agreement if you decide you'd like to stay longer. We also offer our Pathways scheme that gives you the option to try before you buy, which means you can rent for as long as you like before buying your home through an affordable and manageable shared ownership scheme.

We welcome questions and make sure to explain everything in simple language, giving you complete peace of mind at every stage of the rental process.
