KINGS are proud to present this **STYLISH AND ARCHITECTURALLY DESIGNED** Two Bedroom Victorian End of Terrace House, located in a well connected residential turning within Upper Edmonton N18. This **EXTENDED AND REFURBISHED** home is a superb example of old meets new, blending original Victorian character with a calm, modern aesthetic and high-quality contemporary finishes throughout.

The **CHAIN FREE** property was fully renovated and extended in 2017 with a strong design focus on light, flow and spatial quality, resulting in a home that feels both generous and thoughtfully considered. In our opinion, this house would be ideal for buyers looking to **MOVE STRAIGHT IN**, offering excellent proportions, modern comforts and a layout that works perfectly for both everyday living and entertaining.

The ground floor has been re-planned to create an impressive **ZONAL OPEN-PLAN LIVING, KITCHEN AND DINING SPACE**, forming the heart of the home. The generous kitchen is finished with high-quality fixtures and fittings, enhanced by a large rooflight that draws natural light deep into the space. Full-height sliding glass doors open directly onto the rear garden, creating a strong visual and seamless connection between indoor and outdoor spaces. The first floor comprises two spacious bedrooms and a luxury bathroom.

As part of the renovation, the property also benefitted from **REFITTED HEATING, PLUMBING AND ELECTRICAL INSTALLATIONS**, alongside upgraded insulation throughout, improving comfort and energy efficiency. The interior design places a strong emphasis on proportion, material quality and detailing such as **ENGINEERED WOOD FLOORING THROUGHOUT**, resulting in a minimal yet warm finish that sits comfortably within the original Victorian fabric. Being an end of terrace house, the house enjoys a greater sense of openness than many comparable homes in the area.
