Seaton Close sits within the popular and well-established Greenmeadow area of Swindon, a residential neighbourhood that continues to attract strong demand thanks to its convenient access to local amenities, schools, and commuter routes. The area has a settled, community feel and offers a great foundation for family life at any stage.

The property itself has been thoughtfully modernised throughout by the current owners, presenting any buyer with a genuinely move-in-ready home. From the moment you arrive, the house makes a strong impression, with off-road parking and the added benefit of a garage, providing both convenience and useful additional storage.

Inside, the ground floor offers well-proportioned living space with a freshly decorated interior that feels light and considered throughout. The kitchen has been updated to a modern specification and flows naturally into the wider ground floor layout, making it a practical and enjoyable space for everyday living and entertaining alike.
