About the property

What the Owner Loves

We have loved living in this beautifully designed, high-specification home. Being part of a newly built development means every detail has been thoughtfully considered, from the quality finishes to the modern layout, creating a space that feels both stylish and comfortable.

The dual south and east aspects bring in wonderful natural light throughout the day. Mornings are particularly bright and uplifting, and the flat remains airy and welcoming all year round.

The location has been exceptional for us. From the communal garden entrance it is just a one-minute walk to Acton Town Station, giving incredibly convenient access to Central London and Heathrow via the Piccadilly Line. The line will introduce a fantastic new fleet of air-conditioned trains from Autumn 2026, making commuting even more comfortable.
