Outside

The rear garden is thoughtfully designed for ease of maintenance and outdoor enjoyment, with a resin pathway leading to an artificial lawn and a decking area, providing an ideal space for seating and entertaining. The garden benefits from an external tap and power sockets and is fully enclosed by timber panel fencing, creating a private and secure outdoor space. A timber storage shed offers useful additional storage, while gated access leads to a pedestrian right of way, providing convenient access when taking out the bins.

To the front of the property, a wrought iron gate opens onto a low-maintenance shingle and slate-chipped frontage, with covered storage providing a practical area for the bins. An attractive original-style tiled pathway leads to the main entrance door, which is sheltered by a traditional storm porch. The frontage is enclosed by a surrounding brick wall, creating an attractive and well-defined approach to the property.
