THE PROPERTY

Completed in 2026 and elevated beyond standard builder specifications, this exceptional four bedroom home occupies one of the most enviable positions within Merret Place, commanding open views across the green space and valley beyond.
The current owners have executed a major eco-upgrade by installing a market-leading Vaillant AroTHERM air source heat pump. Working seamlessly alongside roof-integrated solar PV and an EV charger, the home boasts exceptional eco-credentials, with remarkably low running costs.
Inside, Amtico Signature flooring sets a refined tone across the ground floor. A bay-fronted sitting room captures front-facing views over the green, balanced by a versatile front study.
The rear of the house unfolds into a stunning 20ft kitchen and dining room, showcases upgraded quartz worktops, ceramic sinks, a Siemens iQ700 induction hob, and an adjoined utility room. Glass patio doors open directly onto a wider-than-average, level, and remarkably private rear garden with convenient side access.
The first floor accommodates four bright, well-proportioned bedrooms, including a principal bedroom with a contemporary ensuite shower room, alongside a smart main family bathroom.
