Thoughtfully and extensively renovated by the current owners, the property has been finished to an outstanding standard throughout, combining the charm and character of a traditional farmhouse with high quality contemporary living. Stepping inside, the warmth and character of the home is immediately evident. A magnificent inglenook fireplace with wood burning stove forms a striking focal point, while exposed beams, elegant sash windows and carefully selected finishes run throughout the property. Natural light fills the home and highlights the engineered oak and limestone flooring which continues through the principal living areas.

To the right of the entrance sits the inviting living room, a generous yet comfortable space centred around a wood burning stove, creating the perfect setting for relaxed evenings and family gatherings.

At the rear of the house lies the heart of the home. The bespoke Guild Anderson kitchen and dining room has been beautifully designed for both everyday living and entertaining. Quartz worktops, Miele appliances and a Steel Cucina range sit alongside handcrafted cabinetry, while underfloor heating ensures comfort throughout the seasons. The adjoining dining area offers an elegant space for hosting, with views over the garden creating a seamless connection between the house and the outside space. A temperature controlled wine store provides a luxurious addition for those who enjoy entertaining.

The first floor offers four well proportioned bedrooms. The principal bedroom benefits from a stylish ensuite bathroom, while the remaining bedrooms are served by a beautifully appointed family bathroom featuring a full Burlington suite.

The second floor provides a further double bedroom with its own shower room, creating an ideal guest suite or private retreat.

Outside

Outside the property continues to impress. A substantial barn offers exciting potential to create a charming annexe or additional accommodation for extended family. The outdoor kitchen provides a wonderful setting for alfresco dining and entertaining, while approximately three hundred square metres of Grey Cheddar limestone terrace wraps around the property, offering extensive space for socialising and relaxing.

The generous south facing garden enjoys sunlight throughout the day and provides a peaceful outdoor setting. A separate garden studio currently used as a home office offers a practical and private workspace away from the main house.
