TOWNHOUSES IN A GATED COMMUNITY NEAR THE SEA IN LA CALA DE MIJAS

This gated residential community is located in La Cala de Mijas, in a privileged enclave barely 2 kilometres from the beach, and brings together 68 new-build townhouses priced from €676,000. A proposal that combines quality of life, nature and an unbeatable location, where the sea is not a destination but part of everyday life.

La Cala de Mijas is one of the most cherished corners of the Costa del Sol: a relaxed, family-friendly atmosphere, wide beaches, a lively seafront promenade and a complete offering of golf, dining and amenities. Its central position lets you enjoy the best of the coast without giving up the calm of a well-kept setting.

The development offers 3 and 4 bedroom townhouses arranged in 8 rows, all south-facing, with large terraces or gardens and spectacular sea views from most of the units. The layouts are open and balanced, with kitchens and bathrooms fitted to first-class standards.

Parking and storage are integrated on the basement level with direct access, a detail that adds everyday convenience and functionality. Every home has been conceived to make the most of the outdoor life that this privileged climate invites you to lead.

The communal areas are designed for enjoyment and wellbeing: a communal pool, landscaped areas, a gym, a sauna, a spa and a chill-out zone. A set of spaces that turn every day into a relaxing experience without leaving home.

And when you want to go out, everything is at hand: less than 7 minutes' walk away you will find golf courses, shopping centres, supermarkets, restaurants, shops and a health centre. By car, less than 20 minutes from Málaga airport and Puerto Banús, and just 15 minutes from Marbella's old town, with direct access to the A-7 and close to the AP-7.

Connectivity that reinforces its enormous appeal both as a residence and as an investment.
