Summary

Halezy Farm House offers an exceptionally rare opportunity with no onward chain in an idyllic rural valley setting located at the end of a long private lane.

The original period farmhouse has been substantially extended to offer over 3,000 sq ft of well-presented accommodation perfectly adapted to modern family life and with the potential for further extension or adaptation for ancillary living. Further to this there are three separate apartments (a 3 bedroom and 2 x 2 bedroom), extensive outbuildings and positioned within 10 acres of land.

An exceptional countryside estate with significant income, development and lifestyle potential - a viewing to appreciate comes highly recommended.

The Farmhouse

The farmhouse itself is a fantastic blend of original period charm with thick stone walls, inglenook fireplaces and deep windowsills whilst being substantially extended to cater for modern family living. It has been sympathetically refurbished to a high standard using natural materials such as oak skirtings, slate windowsills and travertine flooring.

On the ground floor an impressive entrance hall has a door to the living room, access to the rear garden and an incredibly useful downstairs wet room/WC whilst a large opening provides access to the first reception area. This is a stunning space with fully fitted high quality farmhouse kitchen with integrated appliances, four oven Aga and separate utility room with rear door access. This large kitchen/dining/living area is a triple aspect room overlooking the garden which leads onto the paved patio through triple folding doors as well as a gorgeous standalone wood burner. At the other end of the ground floor there are two large reception rooms; the living room has a lovely feel thanks to this being the very original part of the farmhouse with large open inglenook fireplace and yet another direct access out to the rear garden. A couple of shallow steps lead down from this room to the third reception room which is an impressive 18ft x 17ft space with windows to front aspect and a door leading to the side. This offers a great extra reception space – perhaps a great gym, cinema room, playroom or hobby room but could be adapted to be ancillary accommodation to the main house with its own entrance if desired.

An oak glazed staircase rises from the entrance hallway with a landing providing access to all five bedrooms. The main bedroom is a very generous 17ft x 17ft double with three windows enjoying far reaching countryside views to the front of the house and having the use of a well-appointed en-suite shower room. The second bedroom is perhaps even more impressive measuring 19ft x 13ft with triple aspect windows pouring in natural light and overlooking the rear garden. There are two further large double bedrooms, a small double / large single bedroom as well as two further family bathrooms – both with bath and shower facilities.

The Apartments

Completely separate to the farmhouse itself are three apartments, each with their own individual entrances and layouts. The 'Top Flat' is a 953 sq ft three bedroom, two shower room on the first floor, the 'Bottom Flat' is a 565 sq ft two bedroom, one shower room on the ground floor and the 'Lower Flat' is almost like a semi-detached bungalow measuring 643 sq ft with two large double bedrooms and one shower room. Each apartment has a good-sized open plan living and dining space with fully fitted kitchens as well as a parking area that cleverly is separate to the driveway and parking area of the main house. The flats have a proven profitable track record of being let on assured shorthold tenancies with great popularity generating approximately £25,000 per annum. There is however great scope for improvement here to push that figure even higher or perhaps to use this setting to your advantage and holiday let each flat for a potentially even greater income.

The Outbuildings

There are a superb range of extensive outbuildings ranging from traditional to modern including a stable block for four horses, a tack room, a hay barn, a workshop and a large general purpose outbuilding which has most recently been used as a very popular bar area with large opening door to a perfectly South/West facing outside space. The property also has the benefit of a large double garage with additional store rooms, wood stores as well as gravel driveway parking providing space for many vehicles. The layout and access of the outbuildings offers so much potential for a variety of uses as well as possibilities for further development subject to the necessary consents.

The Land

Approximately 10 acres in total divided into gardens, several useful paddocks and enclosed fields. The rear garden is South facing; there is a large decked terrace perfect for al-fresco dining and a hot tub with steps leading up to a lawned area. To the front and sides of the property there are further lawned areas with planted beds, shrubbery and trees. A long private lane owned by Halezy Farm House leads off the main road and provides access to the property and only one other property providing an incredible amount of privacy. The adjacent fields provide excellent potential for equestrian, agricultural or a smallholding depending on your needs.

The Location

Haley Farm House is located on the very edge of the North side of the village around half a mile (a ten minute walk) away.
