Where every season feels like summer...

Some homes tick the boxes.

Others completely change the way you live.

From the moment the bi-fold doors are opened, this home comes alive. The inside and outside become one, creating an incredible entertaining space where family barbecues, summer evenings and relaxed weekends become part of everyday life.

Beyond the beautifully presented accommodation lies a garden designed to be enjoyed. Whether you're escaping to the stylish garden room to work from home, exercise or simply enjoy some peace and quiet, spending time in the workshop bringing projects to life, or relaxing beneath the charming beach hut-inspired seating area with a glass of wine after work, every corner of this home has been thoughtfully created with lifestyle in mind.

Inside, the property offers bright and welcoming accommodation centred around modern family living. The spacious layout flows beautifully, with the bi-fold doors creating a wonderful connection between the home and the garden, filling the living space with natural light throughout the day.

Upstairs are three well-proportioned bedrooms, perfectly suited to growing families, professional couples or those looking for additional space to work from home.

Then there's the location.

Westgate has long been one of Stubbington's most desirable residential locations. Imagine walking into the village for fresh coffee on a Saturday morning, collecting fresh bread from the bakery, children walking to school, afternoon strolls around the local parks and finishing the day watching the sunset at nearby Hill Head beach.

It's this combination of community, convenience and coastal living that continues to make Stubbington one of Hampshire's most sought-after villages.

This is more than a property.
