A characterful three bedroom end terraced home occupying a corner position, offering spacious accommodation arranged over three floors, situated on Pinfold Lane, an exceptionally well-regarded position within the older part of Balderton village.

The property was originally constructed circa 1900 and has been extended to the rear with a more modern brick and tile addition, creating a well-balanced home that combines period character with practical living space. The property benefits from UPVC double glazing throughout and gas fired central heating.

The ground floor accommodation includes a lounge to the front aspect, along with a separate dining room positioned to the rear, providing a versatile layout for everyday living and entertaining. A lobby with staircase connects the spaces, while the kitchen is located to the rear of the property, leading through to a rear lobby and ground floor bathroom.

To the first floor are two good sized bedrooms, both well-proportioned. A further staircase rises to the second floor, where a third bedroom is located, featuring a gable window and offering an additional private and flexible space.

Externally, the property benefits from a rear garden, providing outdoor space with potential for further landscaping or personalisation. In addition, there is a gravelled driveway providing off road parking.

Balderton is a highly sought-after village located just to the south of Newark-on-Trent, offering an excellent range of everyday amenities and a strong sense of community. The village benefits from a variety of shops, supermarkets, cafes and public houses, along with well-regarded primary and secondary schools, making it particularly popular with families.

For commuters, Balderton is ideally positioned with easy access to the A1 and A46, providing convenient links to Nottingham, Lincoln and beyond. Newark North Gate railway station offers direct services to London King's Cross

in approximately 75 minutes, making the area well suited to those requiring regular travel.

The village also enjoys a range of green spaces and recreational facilities, along with nearby lakeside walks and access to cycle routes, combining convenience with a pleasant village lifestyle.

This end terraced house is likely to date from around 1900 and is constructed of brick under a slate roof covering, with a later modern brick and tile extension added to the rear. Windows are UPVC double glazed and central heating is gas fired. The living accommodation can be described in more detail as follows;

### **GROUND FLOOR**

#### **ENTRANCE HALL**

UPVC entrance door leads to:-
