Mulberry Cottage is set within approximately an acre of beautifully landscaped, wrap-around gardens, enjoying spectacular south-facing views across open countryside. This stunning Grade II listed thatched cottage seamlessly marries period character features with contemporary modern comforts.

The kitchen/breakfast room, recently replaced, combines a classic farmhouse aesthetic with modern practicality. Features include granite worktops, a Belfast-style sink, underfloor heating, a walk-in pantry and French doors opening onto a large private patio and gardens – ideal for sun worshipping, entertaining and al fresco dining.

The lounge and dining room both feature impressive inglenook fireplaces with wood-burning stoves. Throughout the property are exposed beams, cottage-style latch doors, charming nooks and crannies, low-level bedroom windows, exposed brickwork and beautifully sloping ceilings, all combining to deliver quintessential chocolate-box charm with modern comfort and a sense of peaceful countryside living.

A third reception room, filled with natural light and enjoying views across the secluded grounds, lends itself perfectly to a games room or pool room.

Upstairs, the master suite is accessed via a secondary staircase to the rear of the property and features a dressing area and newly refitted bathroom. From the main staircase, there are two further double bedrooms served by a stylish, refitted shower room.

Approached from the High Street through wooden farm gates, the sweeping driveway offers ample off-road parking before continuing to the main entrance and an oversized detached double garage, with additional garden areas flanking the drive.

Above the garage is a versatile first-floor room, ideal as a home office, studio or children's playroom.

The grounds are truly breathtaking, featuring mature trees, a natural duck pond and a generous patio area perfectly positioned to enjoy the far-reaching rural views.
