Front of the home

A low stone wall with a row of cypresses above form the front boundary. A decorative iron gate opens to four stone steps up to the front door, with a gravel bed on the left. Enter the home through the wooden door with a beautiful inset glazed panel and engraved number above.

Entrance Hallway

Encaustic-style tiled flooring, a heritage radiator and chandelier light fitting combine with the ceiling rose, skirting boards, ceiling coving and picture rail to present an impressive entrance to the home. It's indicative of the elegant style you'll find throughout. At the far end are stairs to the first floor. Double part-glazed wooden doors on the left open into the sitting room and a half-glazed wooden door leads into the dining room and through to the kitchen.

Sitting Room

The stylish sitting room has a gas fire set within the ornate fireplace, with a tiled hearth and wood-effect mantelpiece. Like all rooms, this room has skirting boards, ceiling coving, a ceiling light rose and picture rail. It also has oak-effect laminate flooring, two heritage radiators and a north facing bay with sash windows and fitted shutter blinds. There is plenty of space for flexible room layouts.

Dining Room

13'1" x 11'11" (4 x 3.65)

With a high ceiling, tall window and open entrance to the kitchen, this is a bright and airy room. The focal point is the cast iron wood burner and flue* set upon a tiled hearth with brick surround in a large stone fireplace. (*the chimney requires re-lining prior to further use of the wood burner).

There are alcoves with fitted cabinets each side of the fireplace. High quality oak-effect tiled flooring flows seamlessly through to the kitchen.

Kitchen

17'6" x 9'4" (5.35 x 2.85)

The roomy modern kitchen has a range of Oxford Blue fitted cabinets on each side. Windows facing east and south, allied to the part-glazed stable door to the garden, bring lots of natural light in.

On the left beyond the door is a long worktop with an integral stainless steel sink and drainer with chrome mixer tap - and a number of low-level cabinets including a Hotpoint dishwasher and integrated washing machine and tumble dryer. At the end is a tall cupboard. Opposite, another worktop has fitted cabinets above and below, another tall cupboard at the far end and space beyond for an American-style fridge-freezer. A door on the right opens into the large under-stairs cupboard and there are two ceiling light fittings and a heritage radiator.
