South Lane, New Malden

DESCRIPTION

Occupying a generous corner plot, this attractive 1930s semi-detached home presents an exciting opportunity for buyers looking to create a substantial family residence. While the property would benefit from modernisation throughout, it offers enormous scope to extend and reconfigure, subject to the usual planning permissions. The wide plot lends itself perfectly to a two-storey side extension, while the existing roof space provides clear potential for a loft conversion—ideal for creating an additional reception room and up to two double bedrooms with en suite facilities. This is a rare chance to significantly enhance both the size and value of a well-located home.

Situated on the ever-popular South Lane, the property enjoys a highly convenient setting within easy reach of New Malden High Street, which offers a wide selection of shops, restaurants, and everyday amenities. Excellent transport connections are available nearby, with Worcester Park and New Malden stations providing regular rail services into central London, making the area particularly appealing for commuters.

The location is especially attractive for families, with a number of well-regarded schools in the vicinity, including Malden Parochial CofE Primary School and Coombe Girls' School, among others. There is also an abundance of green open spaces close at hand, perfect for leisure and recreation, including Rose Walk Nature Reserve, Elmbridge Meadows and Green Lane Recreation Ground.

Combining generous proportions, future potential, and a prime residential setting, this property represents an excellent opportunity for those seeking a long-term family home with scope to personalise and expand.

Total area: approx. 129.3 sq. metres (1391.5 sq. feet)
