"The house and neighbourhood are lovely. The area is green; being opposite a park and peaceful and yet only a half hour walk into town. We have lots of birdlife and nature here. The views over Bristol are magnificent and we get great sunsets. The neighbours are lovely and we have a thriving whatsapp group. The house itself is light, bright and warm with a cosy log burner in the lounge. The garage/outbuilding is so useful and could be converted into a studio or workshop."
