Newark has a growth point designation and the current economy is thriving. New house building is taking place in the Middlebeck and Fernwood areas. Trading in the town as a result is bucking the national trend. As a shopping centre Newark on Trent is an increasingly popular place to visit.

The town has a population of approximately 35,000 and an important catchment area of a further 115,000. There is a broad base of commerce and industry in the town. The business parks are well occupied and there is a very good level of employment and affluence locally.

The town has an historic background, parts of which are the Georgian Market Square, the 12th Century Castle and riverside areas. The A1 and A46 intersection provides important road links and the East Coast railway service provides services from Newark to London Kings Cross with journey times of just over 75 minutes.
