Hot Water Energy Efficiency:	Good
Lighting:	Excellent lighting efficiency
Floors:	Solid, no insulation (assumed)
Total Floor Area:	86 m ²

This map displays nearby coal mine entrances and their classifications.

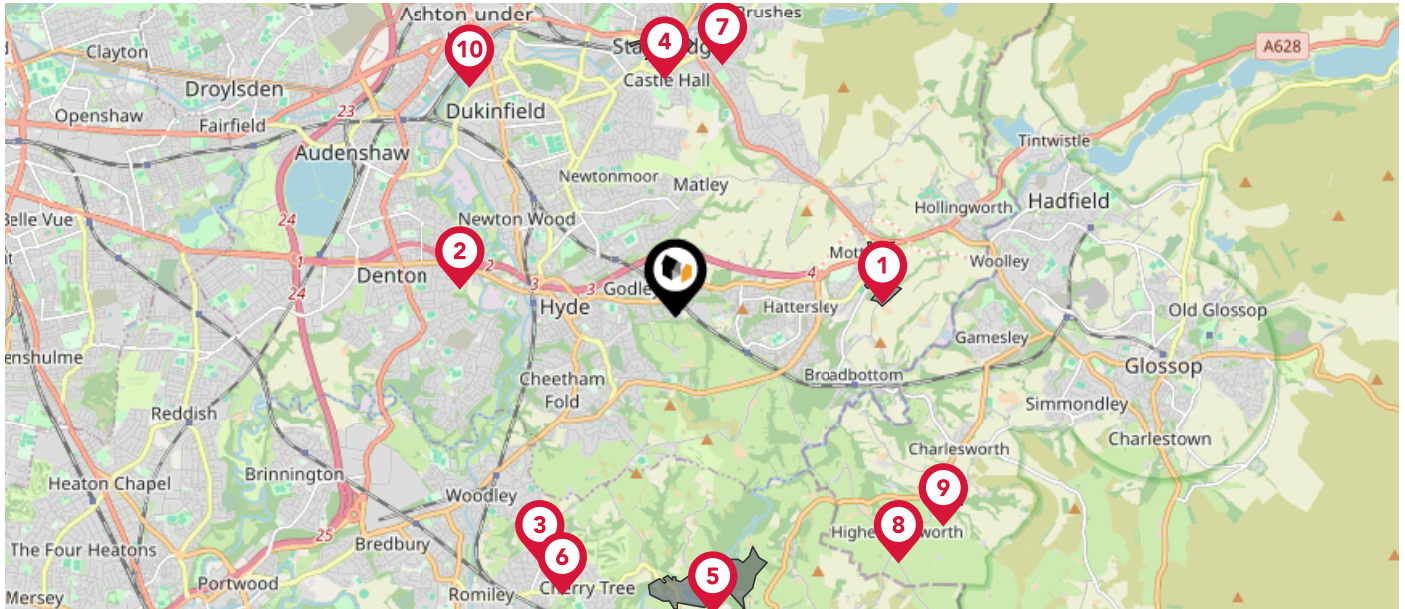

Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

This map displays nearby official conservation areas. Every local authority in England has at least one conservation area. Most are designated by the Council as the local planning authority, though Historic England and the Secretary of State also have the power to create them.

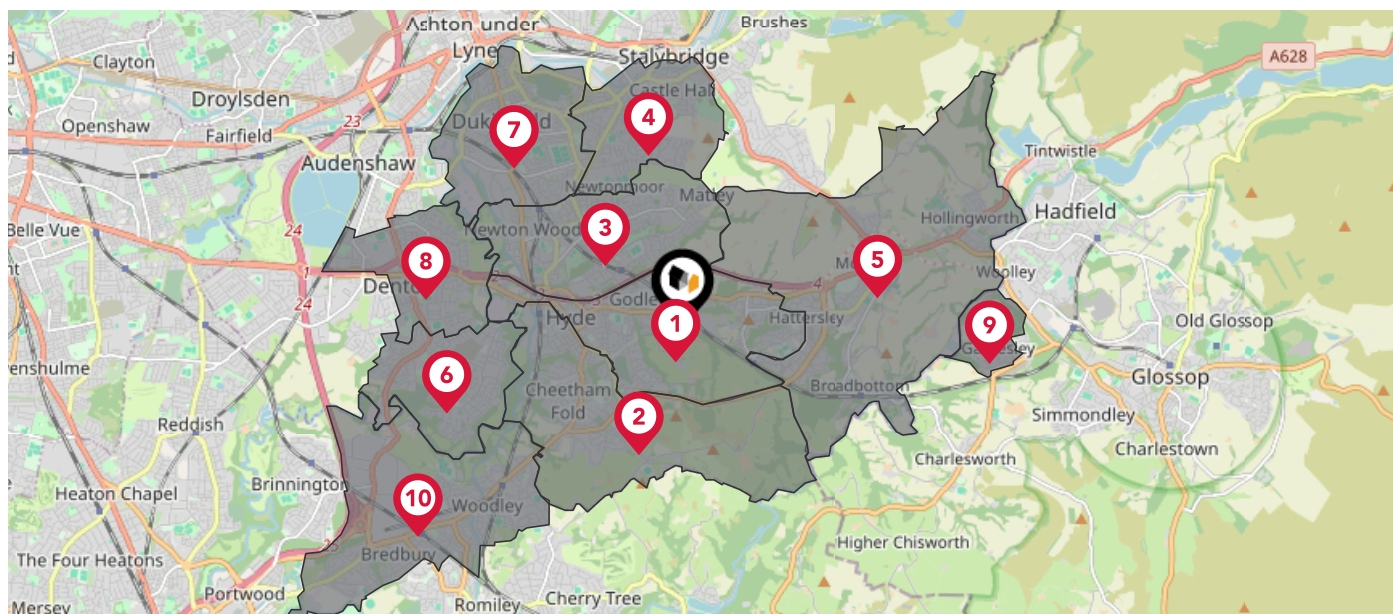

Nearby Conservation Areas

- 1 Mottram In Longdendale
- 2 St Annes, Haughton
- 3 Greave Fold, Romiley
- 4 Stalybridge Town Centre
- 5 Compstall
- 6 Barlow Fold, Romiley
- 7 Copley (Tameside)
- 8 Higher Chisworth
- 9 Chisworth, Holehouse
- 10 Portland Basin

Maps

Council Wards

The UK is divided into wards that are used for local elections to elect local government councillors. Sometimes these are known as 'electoral divisions'. Population counts can vary substantially between wards, but the national average is about 5,500

Nearby Council Wards

-  Hyde Godley Ward
-  Hyde Werneth Ward
-  Hyde Newton Ward
-  Dukinfield Stalybridge Ward
-  Longendale Ward
-  Denton South Ward
-  Dukinfield Ward
-  Denton North East Ward
-  Gamesley Ward
-  Bredbury and Woodley Ward

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5		75.0+ dB	■
4		70.0-74.9 dB	■
3		65.0-69.9 dB	■
2		60.0-64.9 dB	■
1		55.0-59.9 dB	■

Flood Risk

Rivers & Seas - Flood Risk

This map shows the chance of flooding from rivers and / or the sea, taking into account flood defences and their condition.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- **High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- **Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- **Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- **Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

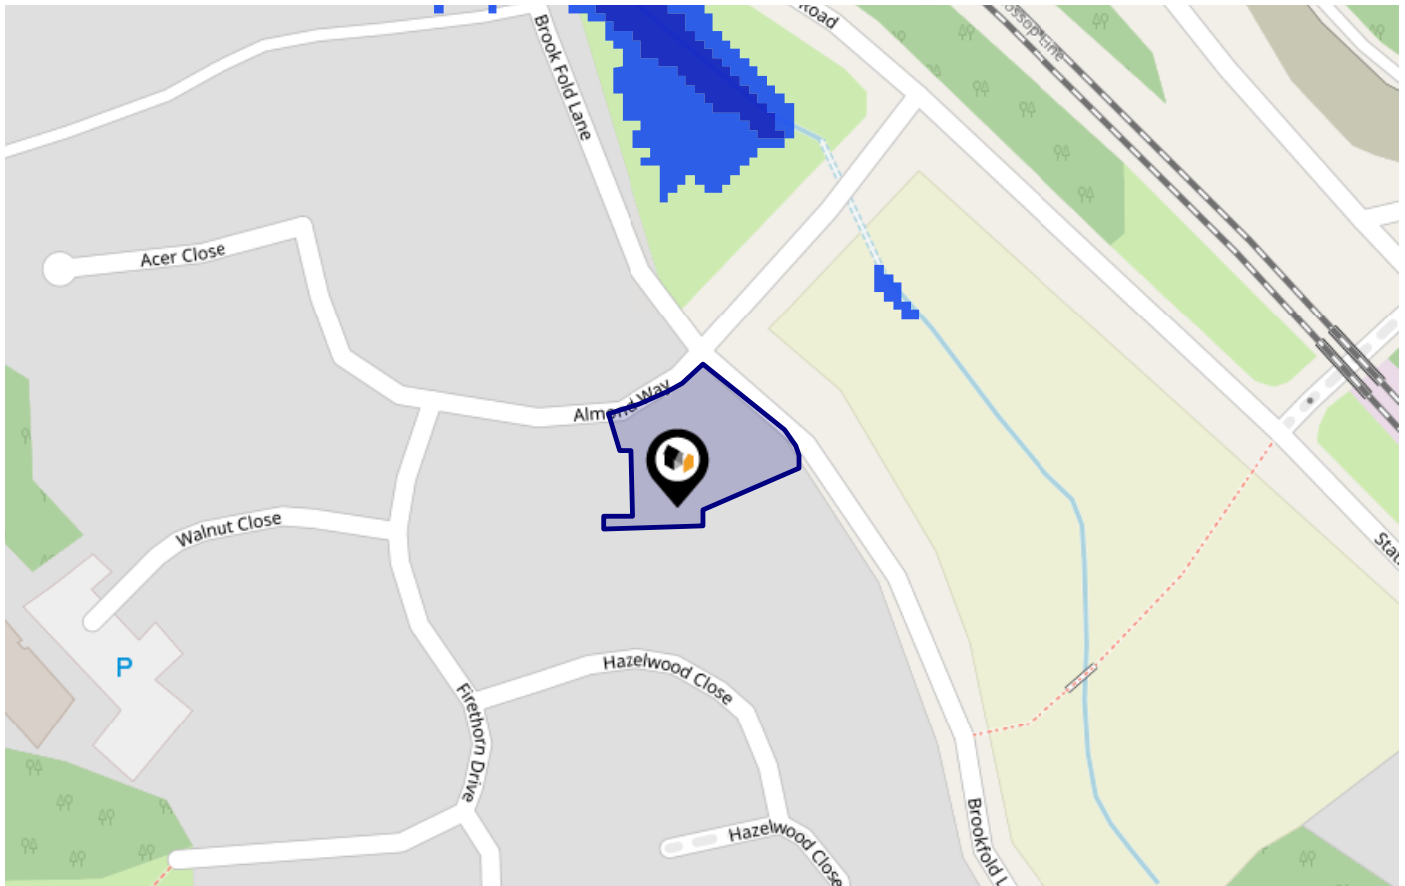

Chance of flooding to the following depths at this property:

Flood Risk

Rivers & Seas - Climate Change

This map shows the future chance of flooding from rivers and / or the sea **between 2036 and 2069**, taking into account flood defences and their condition. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- **High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m³).

Local Area Road Noise

The data indicates the level of noise according to strategic noise sources across all traffic routes. This indicates a 25 house annual average noise level with separate weightings for the evening and the night periods.

If you are

Testimonial 1

If you are looking to buy or sell your home, look no further than Lawlers Hyde. The team have been absolutely fantastic, always professional and friendly and answer questions with a smile, no matter how silly I thought they were. I would like to take this opportunity to send my gratitude to Stacey and Imogen, they are absolute gems and an asset to the company. The team worked really hard to sell our home and we are so happy we chose Lawlers Hyde.

Testimonial 2

We moved to Lawler & Co from another agent and they sold our property within weeks of it being up after Gary came to visit and discuss. Stacey was always prompt and welcoming on the viewings and was able to confidently describe the property. Imogen was very quick at communicating viewings to us when they was coming in. The team at Hyde really stepped up compared to other agents in the area and we would 100% use them again.

Testimonial 3

Really impressed! Spoke to the team as an early stage first time buyer, they booked me in for a mortgage call and I couldn't feel more confident with the process and felt comfortable speaking to Andy. Great attitude all round, positive & efficient! Looking forward to reaching out to them again in the future.

Testimonial 4

I couldn't be happier with the service I received from Lawler & Co, especially Imogen. From start to finish, she was professional, approachable, and genuinely invested in helping me every step of the way. Communication was excellent – they always kept me updated and were quick to answer any questions I had. As a first time buyer, Imogen really helped me to understand the process and made the viewings/offering process less daunting and more exciting!
