This impressive family home provides spacious and versatile accommodation arranged across three floors.

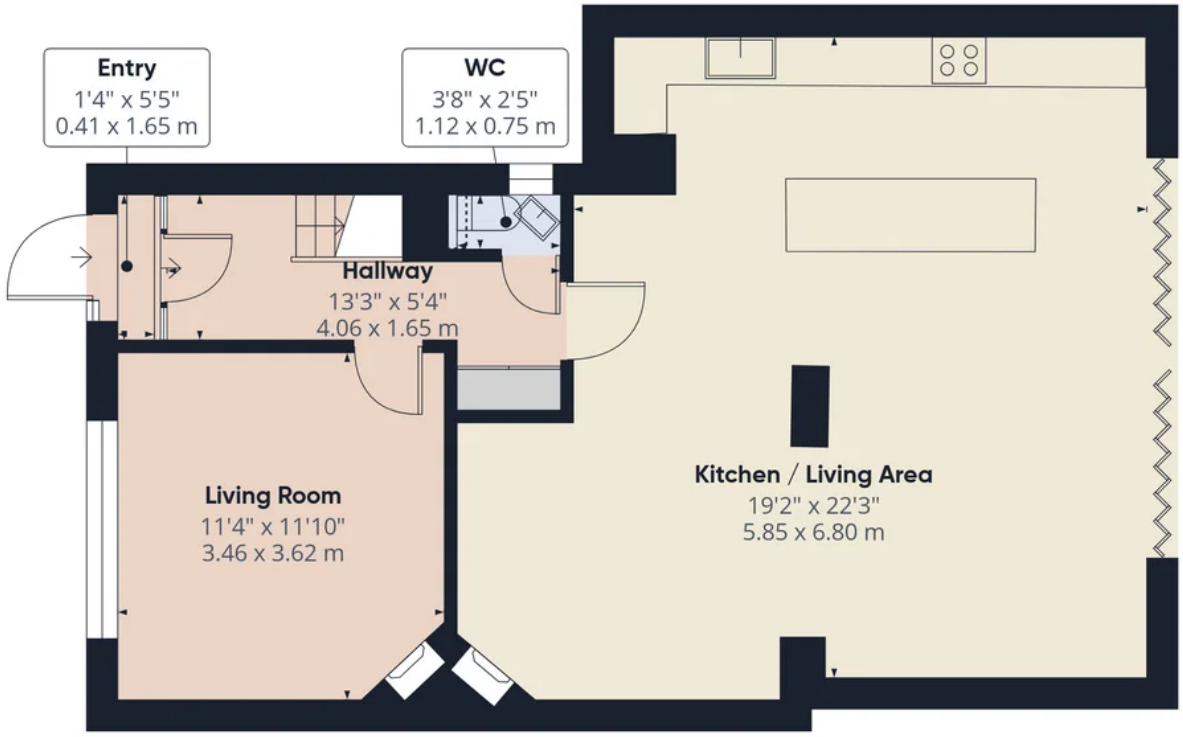

A welcoming entrance hall leads to a comfortable living room at the front of the house. The rear of the property has been significantly extended, creating an excellent space for modern family living. This includes a dedicated dining area and a generous fitted kitchen/living, with bi-fold doors opening directly onto the rear garden and providing plenty of natural light.

On the first floor are two double bedrooms, a further single bedroom and a family bathroom. The accommodation continues to the top floor, where the principal bedroom forms a private suite including a dressing area and ensuite.

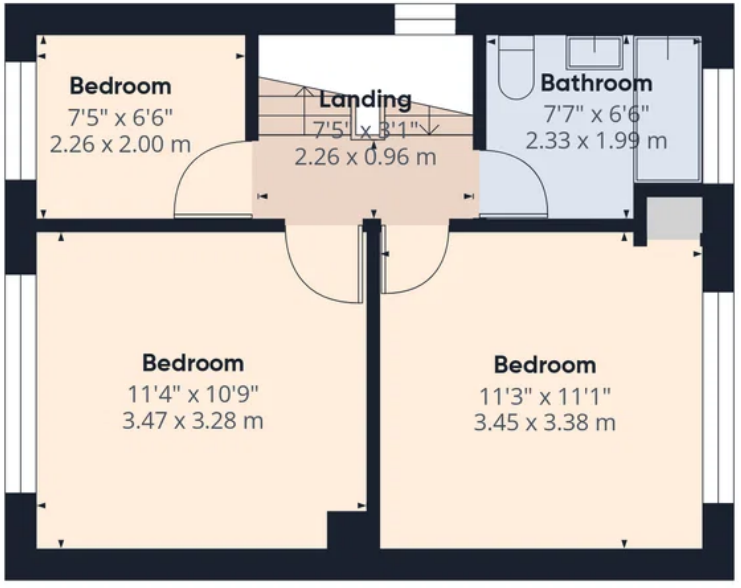

The rear garden is a particularly attractive feature of the property, with a substantial paved terrace leading onto a generous lawn. A timber summer house with a pitched roof provides additional useful space, while the garden benefits from wonderful far-reaching views across neighbouring farmland.

At the front of the property, a shingle driveway provides convenient off-road parking for approximately two to three cars.
