## THE PROPERTY

Haelan House is Healers House in old English, the 'a' and 'e' are joined 'hælan'. The property was thoughtfully designed and built in 2022, with the vision to create a home that flowed with nature. The house offers a fusion between new and old, with the exceptional high-quality build combined with character features such as old rustic doors and curves in every direction.

On the ground floor from the entrance hall, at the heart of the house is the open plan kitchen/dining/family room, with sliding glass doors onto the terrace. There are three further reception rooms, the play/TV room, office and snug. There is also a double bedroom with en suite bathroom, boot room, plant room, larder and cloakroom on this floor.

The vibrant yellow railed staircase takes you to the first floor, where you have a seating area and large linen cupboard. Beyond this you have the principal bedroom suite comprising double bedroom with free standing bath and full height windows overlooking the gardens, a dressing room and a shower room. There are four further double bedrooms, a bathroom and a shower room.

## GARDENS, GROUNDS & OUTBUILDINGS

The property is approached through double wrought iron gates onto a private driveway where there is parking for a number of vehicles.

The mature grounds have been biodynamically and organically gardened by the current owners for the last 18 years. They comprise entertaining terrace, lawns with beautiful flower beds, an orchard, and three paddocks. The orchard has water and electricity connected so that a natural swimming pond/pool could be created if desired.

The structure of the garden was designed by Urquhart & Hunt, Gold Chelsea Flower Show winners 2022, and the planting was a collaboration between them and the current owners.

There is a state of the art watering system which can be controlled by your phone. All of the beds except a couple around the drive and the vegetable garden are connected. There is also a Husqvarna electric robotic lawnmower.

There is barn and a stable block which could be converted subject to obtaining the necessary consents.
