DESCRIPTION

Constructed of traditional cob and brick beneath a thatched roof, Barnside is a charming Grade II* listed semi-detached cottage, situated in the peaceful hamlet of Uton, just a short distance from the thriving market town of Crediton. Believed to be made of 15th Century Cob and Thatch, the property exhibits a wealth of period character and charm, with generous ceiling heights and well-proportioned accommodation.

The accommodation includes an entrance hall, sitting room, a second reception room, kitchen, rear inner hall with WC and back door. Upstairs there is a separate WC, family bathroom with shower over the bath, and three double bedrooms and a large cupboard off the hall.

ACCOMMODATION

The accommodation includes an inviting entrance hall leading to a spacious sitting room with an open fire and ample space for a dining table, creating a warm and sociable living area. A second reception room offers further versatility, ideal as a snug or study. Steps lead down to the kitchen, fitted with a bespoke breakfast bar and floor-to-ceiling Arts and Crafts cupboards designed and hand painted by a local artisan, to ensure a clutter free kitchen. With views over the rear garden and orchard, the kitchen retains many original features, including the former bread over. Completing the ground floor is a WC off the inner rear hall, and a door provides access to the garden.

Upstairs, the accommodation comprises a separate WC, a family bathroom fitted with a shower over the bath, and three well-proportioned double bedrooms, one of which is currently let out on Air BnB, and are finished with acoustic plasterboard sound proofing for privacy. Off the landing, there is also a large storage cupboard providing useful additional storage space.

GARDENS

To the front of the property, a well-tended garden is planted with a variety of seasonal flowers and shrubs. There is also an off-road parking space providing convenient access to the house.

The rear garden is of a good size and has been thoughtfully arranged into two distinct areas. Immediately to the rear of the house lies a level lawn interspersed with established fruit trees and raised beds, enclosed by smart new fencing which provides both privacy and a pleasing backdrop. Steps lead down to a lower gravelled area offering an excellent low-maintenance space, complemented by a versatile garden room with a triple insulated roof and wool insulated walls, which could serve equally well as a home office, studio or hobby space. The oil tank is attractively housed under a purpose-built roof, incorporating a wood store and tool storage area.

SERVICES

The property is served by oil central heating, has a compliant aerobic septic tank system, and has mains water and electricity.
