As you approach the property you immediately notice the wonderful cedar cladding, that carries around the property. The entrance porch is open, with a glass panel shielding you from the elements. A lounge/family room sits to the very front of the property (currently being used as a study/office), with bay window, stripped/painted floorboards and fireplace. The living room/snug is also to the front but slightly set back with wood burner and open/through aspect to the extended kitchen/dining room. The original kitchen was extended in '08 and now is a spacious and light L-shaped kitchen/dining room, with underfloor heating, 2 sets of bi-fold doors and a light well. Completing the ground floor is a utility/downstairs cloak/boot room that also has outside access. Upstairs from the landing you have all 3 double bedrooms with sea views, 2 ensuites and the family bathroom. Bedroom 1 has a vaulted ceiling, dual aspect, a separate wc, whilst a fully tiled

bath area is situated in the bedroom itself. Bedroom 2 has a through aspect with the rear window being port hole style window - there is also an ensuite shower/wc and built in wardrobe. The third double bedroom has sea views. Although the property has been modernised and extended, the owners have kept much of the charm/character of the period - features include herringbone wood flooring, panelled doors and banisters.

Outside the rear garden is private and established. There is secure side access, a large deck area, patio area, with a shingle pathway leading to a raised vegetable bed and a greenhouse. Whilst to the front, there are two parking spaces directly in front of the property and the garage. The garage has a living roof, power and has a workshop area.

Queens Park Gardens is a highly desired road. Hidden away, this pea stone private close is conveniently situated for Seaford's facilities. The beach with sailing club/cafe, Claremont Road shopping parade and bus services are all within a few minutes' walk. Whilst the town centre, railway station, schools and numerous recreational facilities all lie within half a mile.
