## About the property

Located in an entirely residential area at the terminus of a no through road this splendid detached property originated as a small cottage in the early 1900's. It has since undergone tasteful and sympathetic extensions at various times during the 20th century always mindful and in keeping with the property's origins. In fairly recent times the roof tiles and windows have been replaced as the current sellers have diligently maintained the home they have cherished and loved.

## First Floor

On the first floor there are five bedrooms, two having en suite facilities, one with an Aqualisa remote control facility. The Master bedroom is elegant and spacious and apart from its en suite shower room has a custom built walk in wardrobe. The guest bedroom enjoys en suite facilities and thereafter there are three further bedrooms and a family bathroom.

## Situation and property information

The property stands slightly elevated from the roadside with shrub planting to the front contained within stone retaining walls. A block paved driveway affords off road parking and access to a detached three car garage with workshop space. To the rear of the garage stands the soundproofed music room. There are 2 solar arrays, both of 12 panels, one on the roof of the house which generates approx £1700pa tax free until 2035. The additional array is sited on the garage unseen from the house. This feeds a battery which stores electricity for more economic use in the evening. The total value of income and savings annually is around £2800.00. More comprehensive information on this facility is available on request.

## Exterior

Directly behind the property is a large expanse of patio assembled from random width flagstones which benefits from external lighting. The grounds extend away from the property on a slight incline with a central pathway bisecting the considerable areas of lawn. The lawns are populated with many and varied tree species to include willow, apple, silver birch and Canadian maple. The boundaries are defined by tall hedgerows providing privacy and seclusion. A large carp pond stands to the top of the garden and is a lovely feature. Additional wooden outbuildings house the controls for maintaining the pond and also for provision of an irrigation system to assuage the needs of the gardens in warmer weather. There is also a Summer house which overlooks a further patio area at the head of the pond providing a tranquil seating area during the balmy summer evenings.

## Location

The property is walking distance from amenities in the village of Sherington which has a Church, sports pavilion, and a village hall which hosts several regular groups including a toddler group, a historical society, and a youth club. There is also the renowned local hostelry "The White Hart" which is listed in CAMRAs "Good Beer Guide" and "Good Pub Food." Sherington has a C of E primary school which is rated good by Ofsted. For a wider range of amenities, the property is only 8 minutes' drive from Newport Pagnell and is about 15 minutes' drive from the array of amenities in the City of Milton Keynes which has one of the largest covered shopping centres in Europe, and numerous sports and leisure facilities including a theatre.
