INTRODUCTION

Woodhead Farm is situated off the A711 some 3½ miles west of Dumfries. Woodhead Farm is an exceptional dairy farm, benefitting from a traditional farmhouse, along with modern and traditional farm steading incorporating a 14/14 Herringbone parlour, range of young stock buildings and a private equestrian livery which utilises the traditional courtyard. The property benefits from both mains and private water supplies.

The land is in a ring fence with about 225 acres of agricultural land. The agricultural land is down to grass or forage crops for grazing and conservation (silage or hay), with the land also being capable of growing a wide range of cereal and other forage crops.

At present the farm is still in milk production however for the avoidance of doubt any potential buyers who would wish to continue to produce milk should make their own enquires as to the availability of a milk contract.

The farm is conveniently located not far from the regional centre of Dumfries, which provides all essential services within the busy market town. The town boasts all essential and professional services, along with three retail parks, an ice rink, and a University Campus. Dumfries offers a wide choice of both primary and secondary schooling with the Crichton University Campus offering a wide variety of further education choices.

Communications to the area are good with the property lying in close proximity to the main A75 Euro Route, which provides quick access from the south via the M6 & M74. Cairnryan, the ferry link with Northern Ireland is a little over an hour's drive via the A75. The international airports of Glasgow & Edinburgh are within a one-and-a-half-hour drive. There are mainline railway stations at both Dumfries and Lockerbie.

This area of Southwest Scotland enjoys one of the most varied and picturesque landscapes within Scotland, ranging from the moorland of the Southern Upland Hills to the bays and sandy beaches of the distinctive coastline. This is a rural county where agriculture and tourism thrive to form the backbone of the local economy. The area has been relatively unscathed by modern industry.

The region is well-known for the quality and variety of both field sports and leisure activities with the outdoor and sporting enthusiast extremely well-catered for as there exists the ability to take both shooting and fishing locally. Given the diverse landscape along with the proximity to the coast and local lochs, the area offers unique walks, sailing, cycling and for the golfer there is an abundance of good local courses with the region boasting no fewer than twenty-nine courses.
