"The home is opposite a Doctor's surgery, sports facilities, and a community cafe. There's a large park just up the road, The Ranch, a great place for children looking for adventure, to learn skills and socialise in a safe place. The hospital is less than 5 minutes by car. All shops, local eateries and public houses are a short walking distance. A great community feel with lifelong great neighbours. My parents lived there very happily for over 50 years."
