Property Overview

Hamwic Independent Estate Agents are delighted to offer for sale this well presented and conveniently positioned two bedroom home, benefitting from allocated parking, a garage en-bloc with rare direct rear access, and a landscaped rear garden.

The property is approached via an open-plan frontage with pathway leading to the covered front entrance, whilst a useful side gate provides direct access into the rear garden. There is also vehicular access to the communal garage area, where the property benefits from allocated parking for one vehicle together with a garage en-bloc. Further external features include an outside tap and outside power point.

Internally, the entrance hallway leads through to the front aspect kitchen, which is fitted with a practical range of work surfaces and units, together with an integrated gas hob, built-in oven, sink unit and space for further appliances.

Positioned to the rear, the lounge-dining room forms a generous and comfortable main reception space, ideal for both everyday living and entertaining, with stairs rising to the first floor and sliding doors opening into the conservatory.

The conservatory is a particularly useful addition, creating valuable extra living space and offering flexibility as a dining area, home office, playroom or garden room, with double doors opening directly onto the rear garden.

Upstairs, the first floor landing provides access to two well-proportioned bedrooms and a modern fitted bathroom. Bedroom one enjoys a rear aspect and benefits from fitted wardrobes and additional built-in storage, whilst bedroom two is positioned to the front and offers excellent versatility as a second bedroom, nursery or home office. The loft is also a useful feature, being insulated, part boarded, with ladder access and light fitted.

Externally, the landscaped rear garden has been thoughtfully improved with a patio seating area, renewed lawn and enclosed fencing, creating an attractive and low-maintenance outdoor space. A standout feature is the private personal access door directly into the rear of the garage, offering rare and highly practical day-to-day convenience for storage, bikes or secure access.
