Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

Rail Noise

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5	75.0+ dB	Red
4	70.0-74.9 dB	Orange
3	65.0-69.9 dB	Yellow
2	60.0-64.9 dB	Green
1	55.0-59.9 dB	Blue

Avocado Property

We are proud to be different, we want to create a legacy as the business that positively disrupted the industry and challenged the estate agent status quo.

Our clients all get direct access to business partners who live locally and are part of their local community. We work with local businesses to help promote their companies free of charge and we give back to teachers, nurses and armed forces servicemen/women.

We are passionate about changing the industry, passionate about helping people move on to the next chapter in their lives and passionate about property.

Testimonial 1

Stephen and Chris were fantastic throughout the whole process from the initial valuation through to completion.

They were highly professional and realistic in understanding the market for our home which led to a smooth sale process. They were supportive and communicated well at every stage.

Using their social media expertise and more traditional sales techniques provides the seller with comprehensive access to potential buyers.

Testimonial 2

What a refreshing change for an estate agent. After experiencing others Stephen and Chris are a breath of fresh air. Reliable, efficient and excellent communication. Can't rate them highly enough. Thank you both.

Testimonial 3

This is the 2nd time I have used Chris and Stephen from Avocado, I have to say on both counts the service has been excellent from start to finish. Kept fully up to date with the progression of the sale, and are contactable pretty much all the time, and get back to you very promptly.

On both occasions the house sold very quickly. I would highly recommend them both.

A very happy customer!!!
