Enjoying a good degree of privacy with pleasant views over open countryside to the rear, we bring to market this three bedroomed bungalow, built in 1970 and extended at the back during the ownership of the current vendor. Sited in a quiet lane within a group of similar properties in the hamlet of Park Bottom, Illogan Downs, we understand from the vendor that the overall plot size is approximately 1/6 acre. Internally in need of some cosmetic updating and modernising, the property is entered through a front triple aspect conservatory/porch which in turns leads into a spacious hallway via an internal front door. The lounge/living room/diner is L-shaped and offers an interconnecting door for convenience back through to the kitchen which is also accessed directly from the hallway. From the kitchen, a door opens into the rear extension, currently used as an addition to the kitchen and as a utility area by the current vendor as well as offering additional dining space. From this room, a door opens into the third bedroom which does have direct access to both the front and rear of the property via the side pathway. This bedroom has an element of self-containment given it has a toilet and sink, making it an ideal guest room or as an option for multi-generational living. Furthermore, the rear of the single garage can be accessed from this room. Returning to the hallway, access is given to the main bedroom sited at the front of the property which has a pleasant outlook over the south east facing front garden. This bedroom also benefits from both double and single built-in wardrobes. The second bedroom is to the rear of the property and again, enjoys a pleasant outlook, this time over the rear garden and towards open countryside beyond. The bedrooms are complemented by a separate WC with an adjacent bathroom which has a bath with an electric shower over. Externally, the walled frontage of the property forms an immediate edge to the road. There is driveway parking for one vehicle in front of the single garage which also offers additional workspace to the rear. The front garden itself has a pleasant south easterly aspect and is primarily laid to lawn with mature borders. The rear garden is accessed from the rear extension but can also be accessed via pathways either side of the bungalow as well as from the third bedroom as eluded to previously. The garden itself is very nice, primarily laid to lawn with a strong element of privacy, mature borders and views to the rear over open countryside, its north-westerly aspect benefitting from any afternoon sun. In terms of location, the village of Illogan offers a local shop, public house and other amenities, all within walking distance or a short drive with access to Illogan Woods. Tehidy Woods, the largest area of woodland in West Cornwall, is accessible on foot within around forty five minutes. Tehidy Park Golf Club is accessible in a few minutes by car. The coastal village of Portreath, situated on the north coast, with its beach and access to the South West Coastal Paths, is less than two miles distant and can also be accessed on foot via Tehidy Woods in less than one hour. The towns of Redruth and Camborne, each with plenty of independent and chain

retailers, a mainline railway station and other amenities, are equidistant by car, a journey time of around ten minutes.
