THE DEVELOPMENT

SEAFRONT APARTMENTS IN MANILVA

This development offers homes of 2 and 3 bedrooms by the sea in Manilva, priced from €394,000 to €433,500 with delivery expected in the second quarter of 2027. A proposition designed to disconnect from the daily pace and enjoy nature, the sea and tranquillity, in a development of more than 14,000 square metres.

Manilva lies on the so-called New Golden Mile, a stretch of the coastline that combines the charm of quieter surroundings with closeness to the great attractions of the Costa del Sol. Surrounded by nature and with more than 300 days of sunshine a year, the area is synonymous with quality of life, broad beaches and an unhurried pace, away from the bustle of the city.

The homes, with 2 and 3 bedrooms, are conceived for living facing the sea, with light-filled rooms and a layout that invites rest. A tailor-made home in an enclave where the main neighbour is the Mediterranean itself, always close and accessible.

The complex has been designed to maximise wellbeing: homes with sea views, parking and communal gardens that bring greenery and serenity to the whole. Details that reinforce the feeling of living in a corner of peace and harmony by the coast.

The development itself, with more than 14,000 square metres and extensive landscaped areas, becomes a space of calm in which to enjoy the climate, the natural surroundings and the closeness of the sea. A place designed for rest and disconnection.

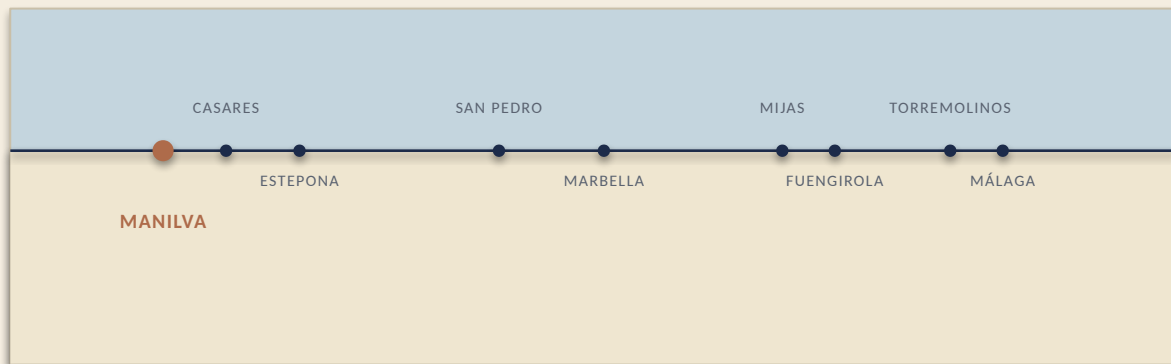

For its privileged location on the New Golden Mile, its closeness to the beach and its value for money, this development is highly attractive both as a residence or second home and as an investment, in an area of growing demand on the Málaga coastline.

At Marevo Real Estate we offer you advice that is personal, precise and grounded in deep knowledge of the local market. To learn all the details or reserve your home, do not hesitate to CONTACT MAREVO.
