The home benefits from two reception rooms, a fitted kitchen, three large double bedrooms, and a bathroom, while the useful outbuildings to the rear offer scope to be incorporated into the main accommodation, subject to requirements. Entrance Hallway

Accessed via a UPVC double-glazed door, the entrance hallway features an obscured front-facing window, wall-mounted radiator, and staircase rising to the first floor.

Living Room

A spacious dual aspect reception room with windows to both the front and rear, creating a bright and welcoming living space. A fireplace with stone surround serves as a focal point, currently fitted with an electric fire, with the potential to be reopened as an open fire or log burner, subject to necessary checks.

Dining Room

A well-sized second reception room with laminate wood flooring, front-facing window, and radiator. This room opens into the kitchen, creating a sociable layout ideal for everyday family life.

Kitchen

Fitted with a range of base and wall units with laminate worktops, built-in sink, electric oven, and four-ring gas hob. There is also space and plumbing for a washing machine, under-counter fridge, tiled splashbacks, rear-facing window, and door leading directly to the garden.

Landing

With doors to all first-floor rooms, rear-facing obscured window, loft access, and airing cupboard housing the hot water tank and Worcester boiler.

Bedroom One

A large double bedroom positioned to the front aspect, benefiting from a built-in over-stairs storage cupboard and radiator.

Bedroom Two

A spacious double bedroom overlooking the rear garden, complete with radiator and a large built-in storage cupboard.

Bedroom Three

Another excellent-sized bedroom with front-facing window and radiator. Currently fitted with a disability lift, which could be removed if no longer required.

Bathroom

A three-piece suite comprising low-level WC, wash hand basin, and wet room style shower. Fully tiled walls, radiator, obscured rear-facing window, sunken spotlights, and electric fan heater complete the space.

Outside

To the front, the property is approached via wrought iron gates, with a paved pathway leading to both the front and side access doors. The remainder of the frontage is mainly laid to shingle, centred around a diamond-shaped patio feature, with mature shrubs and trees providing an attractive outlook. The front is enclosed by hedging for privacy.

The current owner has previously approached the council regarding the creation of off-road parking, and was advised that this would be possible, subject to the necessary permissions. The frontage offers potential to accommodate up to four vehicles.

To the rear, a covered side passageway leads to three outbuildings, including two storage rooms and an outside WC. These spaces offer excellent practicality and potential for further adaptation.

The rear garden is a standout feature of the property—generous in size and mainly laid to lawn, with shingle borders, established flower beds, and a central patio seating area. Additional shingled areas and mature shrubs can be found toward the rear, all enclosed by timber panel fencing.
