THE PROPERTY

Corry Barn forms part of an attractive barn complex once belonging to Fordhayes Farm before the site and outbuildings were converted into residential accommodation during the early 1990's. The property features an attractive mellow stone façade with traditional slate tiled roof which blends well with the established gardens and double garage. The property has been much improved by the current owners where they have created a stunning kitchen/family room as well as adding an additional bedroom to the first floor. This has increased the overall accommodation of Corry Barn to in the region 1929 sq ft of living space. The layout is family friendly and offers plenty of natural light along with maximising the views across the Corry Brook. The conservatory provides a pleasant addition and arguably the best vantage point to take in your surroundings.

ACCOMMODATION

On entering the property you are greeted by a lovely reception space, enjoying plenty of natural light, original beamed ceiling and a cosy seating area to relax. Engineered oak flooring leads through to the recently created kitchen/family room. Being the main hub of the home, this impressive space enjoys a dual aspect with dedicated areas for cooking, dining and relaxing. The kitchen features an excellent range of units, along with a central island, integrated appliances and free standing Stoves cooker. There is ample space for a dining table and fireplace housing a recently installed wood burning stove. The timber framed conservatory sits beyond the kitchen and provides an additional reception. To the rear of Corry Barn is the sellers study and a separate utility with cloakroom. On

the first floor are four well balanced bedrooms and family bathroom. The master suite features a luxury en suite shower room and fitted wardrobes.

OUTSIDE

To the front of Corry Barn is a low walled stone garden with gravelled pathway leading from the parking area, through the garden to the main entrance. A private driveway, accessed via a five bar gate leads around the western elevation to a large gravelled parking area and double garage. Beautiful, landscaped gardens, set over three tiers, lead down to the open countryside. The gardens are well stocked with a wide variety of established shrubs and several seating areas. The rear garden is enclosed by traditional low stone walling. Outside water supply and lighting.
