## LOCATION

Upper Netchwood is a small cluster of houses and cottages in an elevated position above Weston and Monkhoppton, on a route up to the Brown Clee. Just a couple of miles from the village of Ditton Priors, a village and to the south-west of the historic market town of Bridgnorth, the area is surrounded by stunning natural countryside, offering easy access to a wealth of walks and outdoor activities.

The village of Ditton Priors offers a good range of local amenities, including a primary school, church, garage, cafe, post office, medical practice, convenience store, a traditional butcher's shop and a pub. The village hall/community centre serves as a hub for local events throughout the year.

## SUMMARY

With no upward chain, this is a delightful opportunity to acquire a country residence in a most delightful setting, surrounded by 13.5 acres of its own land. A long private drive provides the access, situated near the Water Tower above Monkhoppton. This is an elevated position with views and equally easy access to the road network. The cottage is quite habitable, but dated, linked to a large range of out-buildings fondly named 'The West Wing'. This range of brick and tile out-buildings are more modern construction than the cottage with first floor loft rooms across most of the ground floor.

## ACCOMMODATION

Throughout there are exposed beams and some double and secondary double glazing. Entering from the front porch into the sitting room, stairs rise to the first floor and there is an original fireplace with a Clearview log burner. Beyond is the sitting room also with a Clearview log burner. The breakfast kitchen has a range of fitted units and an AGA plus a shelved pantry. From the kitchen, the ground floor extends to an inner hall and access to the side porch, a WC guest cloakroom and then a utility with shelves and the boiler.

The first floor landing gives access to three bedrooms and the bathroom.

## THE WEST WING

A selection of out-buildings through a gated entrance and having a concrete hard standing, form a courtyard. Having internal access from the cottage, there is a double garage with a roller shutter door, adjoining three rooms with three loft room on the first floor via a staircase. These include a WC and sinks. A further detached building provides stores and a workshop, whilst there are further timber sheds and log store.

## OUTSIDE

The long drive winds up to the cottage, bearing left leads into a large parking area with a vegetable garden beyond, including a greenhouse and shed. The cottage has a pretty garden with an extensive range of mature flowering plants and shrubs, with a fence dividing into the paddocks.
