## Sun Cottage, 268 The Street West Horsley, Surrey

This charming character home, dating back we believe to the late 1800's, offers compact accommodation set over a single storey, surrounded by attractive mature gardens.

Once through the front entrance porch, the accommodation wraps around the main reception room, currently used as a dining room, giving access to both the Conservatory and the double bedroom. This room benefits from a pretty window overlooking the front garden, as well as a log burner fire, inset into a feature brick chimney.

The Conservatory is a delightful room, with large windows giving panoramic view of the surrounding cottage gardens, with double French doors leading to the gardens. This charming room could be used for a number of functions, either as a day room, lounge or dining room, depending on the needs of the incoming owner.

The double bedroom is part beamed, has built in cupboard spaces and a modern fully fitted ensuite shower room, with WC and wash hand basin.

Accessed via either the dining room or study, the kitchen has ceramic tiled flooring, and is fitted with the usual range of floor and wall cupboards, with window overlooking the side garden.

The accommodation is completed by the useful Study/Bedroom 2, with windows overlooking the side and front of the property, and fitted with a range cupboards and bookshelves and a separate WC off the entrance hall.

In our opinion the property offers either the potential for modernisation and updating, or possibly redevelopment (subject to the usual consents) as preferred by the next owner.

Outside the gardens are a delight, wrapping around the cottage to provide both sunshine and shade. The detached timber summerhouse provides an excellent setting for end of the day relaxation, as well as garden storage, with a timber deck seating area offering views over the garden. There is an additional garden storage/workshop.

Parking is provided to the front area, with a detached garage and storage shed accessed via the block paved driveway, all tucked behind wrought iron gates.

The property is offered to the market with no onward chain.
