This characterful, terraced house has been owned by our client for over 60 years and provides a superb opportunity to renovate a period property on the desirable Orchard Street, which is ideally positioned within proximity of the historic city centre and surrounding green spaces. The property offers well-proportioned accommodation, which is courtesy of a two-storey extension and requires sympathetic modernisation throughout.

In brief, the ground floor accommodation comprises a living room, a dining room and a separate kitchen.

On the first floor, there are two comfortable double bedrooms and a bathroom which is fitted with a three-piece suite.

Externally, the property enjoys a private, southwest-facing courtyard garden, which is mainly paved and fully enclosed by wall and fencing.

Agent's Note

There is an active gas account on a brand new smart meter but the connection is currently capped off. The boiler has not been used for 10 years and the water is turned off. It will be up to prospective purchasers to undertake their own checks as to its viability.

The electricity is currently on a brand new smart meter with British Gas with prepay or monthly options and prospective purchasers will only need to change the account to their name with a supplier of their choice.

Location

Orchard Street is in a wonderful location close to Christ's Pieces and all the amenities of Cambridge city centre. This quiet street runs between Clarendon Street and Emmanuel Road and forms part of the highly regarded central residential location close to the Grafton Centre, Parker's Piece and Midsummer Common. The street is within a conservation area and the city centre and many facilities offered by the University are all within walking distance. Parking is by residential permit parking on nearby streets.
