Welcome to Churchdale, a private development of just four exceptional detached family homes designed with comfort, functionality, and refined finishes in mind. The collection comprises two three-storey homes offering three bedrooms plus a large study, and two spacious three-bedroom homes arranged over two floors. Each home benefits from three private parking spaces, with a combination of open and covered parking, including single or double car barns depending on the plot.

Every property has been thoughtfully planned to support modern family life. The ground floor features a striking open-plan kitchen, dining, and family room—perfect for entertaining or everyday living—while a separate living room, complete with an elegant bay window, provides a quieter retreat. A convenient ground floor WC is also included. The interiors are elevated by herringbone flooring throughout the ground level and underfloor heating, creating both style and comfort.

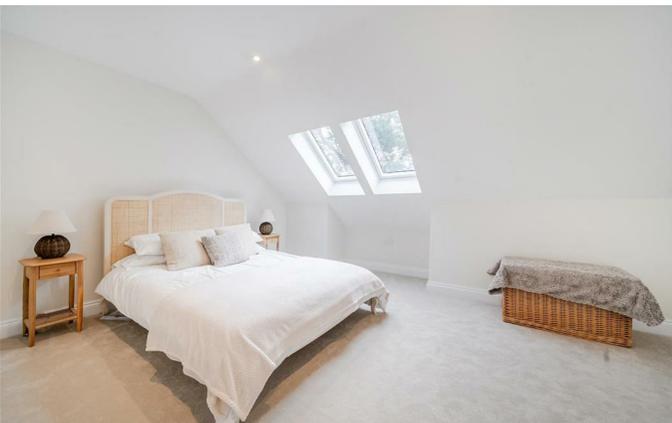

Upstairs on the first floor, each home presents three generously sized bedrooms, all with built-in storage. One of the bedrooms benefits from a private en-suite, while the others are served by a beautifully appointed family bathroom. A particularly practical feature is the discreet laundry chute, offering direct access to a utility cupboard located within the kitchen, which houses a stacked washer and dryer.

In this three-storey home, the second floor offers a luxurious main bedroom with its own en-suite and ample space that could alternatively serve as a substantial home office or fourth bedroom. These upper levels are filled with natural light, enhanced by Velux windows and the double-glazed sash windows featured throughout the rest of the home.

The kitchens are fitted with premium built in Bosch units, complemented by white marble splashbacks with gold veining for a sophisticated touch. High-specification appliances are integrated throughout, including a double oven, built-in dishwasher, full-size fridge, and separate half-size freezer. A

pantry adds further practicality and storage.

Bifold doors from rear of the property onto private gardens, which are finished with a combination of lawn, patio, and thoughtfully planted flower beds. Each garden includes a 5' x 4' shed for additional storage and four dedicated bike racks, supporting an active and organised lifestyle.

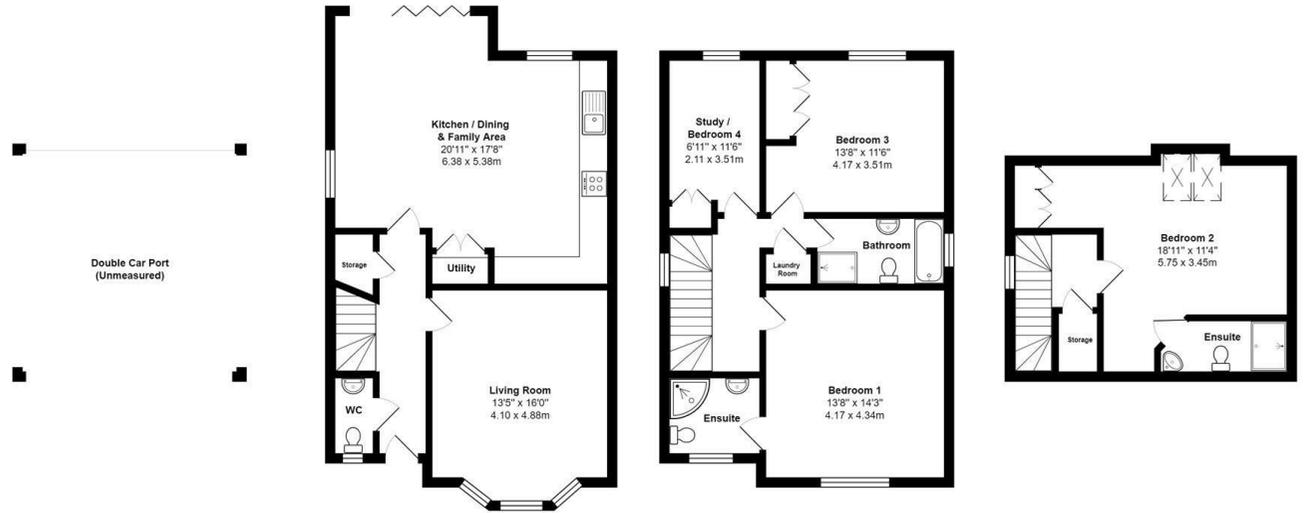

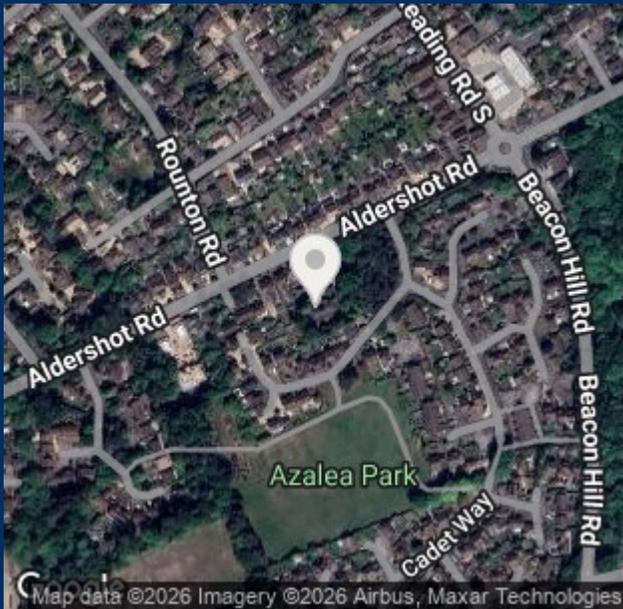

Plot One benefits from a double car barn, while Plots Three and Four are designed with single car barns, whilst Plots 2 benefits from driveway for 3 vehicles. All homes include three parking spaces in total, ensuring convenience for families and guests alike.

With its high-spec finish, spacious layout, and attention to every detail, Churchdale offers a rare opportunity to secure a stylish, energy-efficient home in a well-connected yet peaceful location. Early enquiries are highly recommended.
