Set within approximately 0.73 of gardens this well presented detached residence with countryside views is located just outside the sought-after village of Waterston, only three miles from Milford Haven.

This family home is beautifully maintained throughout, featuring a tasteful neutral decor that enhances the sense of space and light. At the heart of the property is a stylish open-plan kitchen/dining area, fitted with a comprehensive range of modern units and complemented by a comfortable seating space—ideal for both everyday living and entertaining. A generously sized utility room adds practicality, while the inviting snug, complete with a feature multi fuel burner, provides a cosy retreat.

The ground floor further offers two well-proportioned double bedrooms and a family bathroom.

Upstairs, the property continues to impress with a master suite, boasting a walk-in wardrobe, en-suite bathroom, and charming Juliet balcony. A further double bedroom and a separate WC complete the first-floor accommodation.

Externally, the property is equally appealing. A large driveway provides ample parking and leads to a detached double garage, which also incorporates a stable to the rear and a versatile first-floor gym or office space. The garage previously benefitted from planning permission to link it to the main house, offering potential for additional accommodation (subject to planning permission).

The grounds are a particular feature of this home, including paddock to the rear, currently utilised as a productive vegetable garden with a polytunnel. Additionally, two further outbuildings offer excellent potential for home working or storage. In one corner of the paddock, there is existing permission for a static caravan, and a septic tank is already in place.
