We are delighted to bring to market this extremely well presented and spacious modern family home, sited in a popular location. Built in 2010, there are three bedrooms, with a master on the second floor. Warm and welcoming with an impression of great space, the property is light and bright and we would strongly recommend an early viewing to truly appreciate what would make an ideal family dwelling, either as a first purchase or as an upgrade on your current home. Offering a good degree of privacy, the modern nature of this property makes it 'ready to move in to'. There is a generously sized hallway on entry with a downstairs WC/cloakroom. The kitchen/diner is very well finished with lovely walnut worktops, accompanied by striking metro gloss grey tiling. There are a number of integrated appliances including an oven and grill, a gas hob, a tall fridge/freezer and a washing machine with units in a gloss cream finish. The lounge/living room to the rear is delightfully light thanks to full width patio doors that open out onto the rear garden area. Stairs to the first floor give access to two bedrooms, one at the rear of the property which enjoys a pleasant outlook over the rear garden and far reaching views towards the North Cornish Coast. In between the bedrooms is a well equipped family bathroom which includes a bath with a thermostatic shower over. From the landing, a door to a further staircase gives open access to a second floor master bedroom which has a gambrel roof with natural light courtesy of two Velux sky lights fitted side by side. A door opens into what is currently used as a walk in wardrobe but we understand from the current vendor that there is plumbing for hot and cold water, waste, shower, sink and toilet so this could be converted into an en-suite. The property has gas central heating and double glazing. Externally, there are allocated parking spaces for two cars together with visitor parking. The front garden is enclosed and low maintenance being primarily laid to gravelled slate chippings. The rear garden is fully enclosed with fenced borders all round. It is also low maintenance with a patio area in front of a neat manageable lawn, stand out palm tree and a garden shed on a plinth.

Upvc front door with a high level decorative obscure double glazed feature arch opens into:
